Dear Fellow Stockholder:

You are cordially invited to our 2016 Annual Meeting of Stockholders on Thursday, June 2, 2016 at 12:00 p.m., Central Daylight Savings Time, at our corporate office, 3854 American Way, Suite A, Baton Rouge, Louisiana 70816. We look forward to updating you on new developments at Amedisys.

It is important that your shares be represented at the Annual Meeting. We hope you will come to the Annual Meeting in person, but whether you do, and regardless of the number of shares you own, please vote your shares by (i) accessing the Internet website specified on your proxy card; (ii) calling the toll-free number specified on your proxy card; or (iii) marking, signing and returning the enclosed proxy card in the envelope provided (which is postage prepaid if mailed in the United States) in order to ensure your representation at the meeting.

Matters to be covered at the meeting are explained in detail in the attached Notice of Annual Meeting of Stockholders and Proxy Statement.

Amedisys is a leading health care at home company delivering personalized home health and hospice care to more than 360,000 patients each year. More than 2,200 hospitals and 61,900 physicians nationwide have chosen Amedisys as a partner in post-acute care. Amedisys is focused on delivering the care that is best for our patients, whether that is home-based recovery and rehabilitation after an operation or injury, care focused on empowering them to manage a chronic disease, palliative care for those with a terminal illness, or hospice care at the end of life. Amedisys also has the industry's first-ever nationwide Care Transitions program, designed to reduce unnecessary hospital readmissions through patient and caregiver health coaching and care coordination, which starts in the hospital and continues throughout completion of the patient's home health plan of care.

I look forward to sharing our strategic plans for 2016 with you during our Annual Meeting.

Sincerely,

A handwritten signature in black ink, appearing to be "Paul B. Kusserow".

YOUR VOTE IS IMPORTANT

Whether you own one share or many, your prompt cooperation in voting your proxy is greatly appreciated.

If you hold shares of common stock through a broker, bank or other nominee, your broker, bank or other nominee will vote your shares for you if you provide instructions on how to vote the shares. In the absence of instructions, your brokerage firm, bank or other nominee can only vote your shares on certain limited matters. It is important that you provide voting instructions because brokers, banks and other nominees no longer have the authority to vote your shares for the election of directors without instructions from you.

PROXY STATEMENT

Annual Meeting of Stockholders of the Company to be held on June 2, 2016

SOME QUESTIONS YOU MAY HAVE REGARDING THIS PROXY STATEMENT AND THE ANNUAL MEETING

Q: What is this document?

A: This document is the Proxy Statement of Amedisys, Inc. that is being furnished to stockholders in connection with our Annual Meeting of stockholders to be held on Thursday, June 2, 2016 at 12:00 p.m. Central Daylight Savings Time at our principal executive office, 3854 American Way, Suite A, Baton Rouge, Louisiana 70816 (the "Meeting"). A proxy card is also being furnished with this document.

We have tried to make this document simple and easy to understand. The Securities and Exchange Commission ("SEC") encourages companies to use "plain English," and we will always try to communicate with you clearly and effectively. We will refer to Amedisys, Inc. throughout as "we," "us," the "Company" or "Amedisys."

Q: Why am I receiving these materials?

A: You are receiving this document because you were one of our stockholders on April 15, 2016, the record date for the Meeting. We are sending this Proxy Statement and a proxy card to you in order to solicit your proxy (i.e., your permission) to vote your shares of Amedisys stock upon certain matters at the Meeting. We are required by law to convene an annual meeting of our stockholders at which directors are elected. Because our shares are widely held, it would be impractical, if not impossible, for our stockholders to meet physically in sufficient numbers to hold a meeting. Accordingly, proxies are solicited from our stockholders. We began mailing this Proxy Statement and the accompanying proxy on or about April 22, 2016.

Q: Who may vote at the Meeting?

A: We have fixed the close of business on April 15, 2016, as the record date for determining who is entitled to vote at the Meeting. As of that date, there were 33,429,951 shares of our common stock outstanding and entitled to be voted at the Meeting. You may cast one vote for each share of common stock held by you on April 15, 2016 on all matters presented at the Meeting.

Q: What proposals will be voted on at the Meeting?

A: There are three proposals to be considered and voted on at the Meeting:

- (1) To elect the ten director nominees identified in this Proxy Statement to our Board of Directors, each to serve a one-year term expiring at the latter of the 2017 Annual Meeting of Stockholders (the "2017 Annual Meeting") or upon his or her successor being elected and qualified;
- (2) To ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2016;

Table of Contents

(3) To approve, on an advisory (non-binding) basis, the compensation paid to our Named Executive Officers (“say-on-pay” vote). We will also consider other business that properly comes before the Meeting in accordance with Delaware law and our Bylaws.

Q: What are my choices when voting on the election of the ten director nominees identified in this Proxy Statement, and what vote is needed to elect directors to the Board of Directors?

A: In regards to the vote on the election of the ten director nominees identified in this Proxy Statement to serve until the 2017 Annual Meeting or upon his or her successor being elected and qualified, stockholders may:

- vote in favor of all director nominees;
- vote in favor of specific director nominees; or
- vote against all director nominees.

Directors are elected by a plurality of the votes cast at the Meeting. As a result, the ten directors receiving the highest number of “*FOR*” votes will be elected as directors. For additional information, please see the discussion beginning on page 10 of this Proxy Statement.

Q: What are my choices when voting on the ratification of the appointment of KPMG LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2016, and what vote is needed to ratify their appointment?

A: In regards to the vote on the proposal to ratify the appointment of KPMG LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2016, stockholders may:

- vote in favor of the ratification;
- vote against the ratification; or
- abstain from voting on the ratification.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2016. For additional information, please see the discussion beginning on page 24 of this Proxy Statement.

Q: What are my choices when voting on the advisory (non-binding) proposal regarding the compensation paid to the Company’s Named Executive Officers (“say-on-pay”), and what vote is needed to approve the advisory say-on-pay proposal?

A: In regards to the advisory (non-binding) proposal on the compensation paid to our Named Executive Officers, stockholders may:

- vote in favor of the advisory say-on-pay proposal;
- vote against the advisory say-on-pay proposal; or
- abstain from voting on the advisory say-on-pay proposal.

The affirmative vote of a majority of the shares represented at the Meeting and entitled to vote is required to approve, on an advisory basis, the say-on-pay vote. As an advisory vote, this proposal is not binding upon us. However, the Compensation Committee of our Board of Directors, which is responsible for designing and administering our executive compensation program, values the opinions expressed by our stockholders and will consider the outcome of the vote when making future compensation decisions. For additional information, please see the discussion beginning on page 32 of this Proxy Statement.

Table of Contents

Q: How does the Company's Board of Directors recommend that I vote?

- A: Please see the information included in this Proxy Statement relating to the proposals to be considered and voted on at the Meeting. Our Board of Directors unanimously recommends that you vote:
- **"FOR"** each of the ten nominees to our Board of Directors identified in this Proxy Statement;
 - **"FOR"** the ratification of the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2016; and
 - **"FOR"** the advisory (non-binding) proposal regarding the compensation paid to our Named Executive Officers ("say-on-pay").

Q: What information is available on the Internet?

- A: A copy of this Proxy Statement and our 2015 Annual Report to Stockholders is available for download free of charge at www.proxyvote.com. Our Company website address is www.amedisys.com. We use our website as a channel of distribution for important Company information. Important information, including press releases, analyst presentations and financial information regarding our Company is routinely posted on and accessible on the Investors subpage of our website, which is accessible by clicking on the tab labeled "Investors" on our website home page. We also use our website to expedite public access to time-critical information regarding our Company in advance of or in lieu of distributing a press release or a filing with the SEC disclosing the same information. Therefore, investors should look to the Investors subpage of our website for important and time-critical information. Visitors to our website can also register to receive automatic e-mail and other notifications alerting them when new information is made available on the Investors subpage of our website.

In addition, we make available on the Investors subpage of our website (under the link "SEC Filings") free of charge our annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K, ownership reports on Forms 3, 4 and 5 and any amendments to those reports as soon as practicable after we electronically file such reports with the SEC. Further, copies of our Certificate of Incorporation and Bylaws, our Code of Ethical Business Conduct, our Corporate Governance Guidelines and the charters for the Audit, Compensation, Nominating and Corporate Governance, Quality of Care and Compliance and Ethics Committees of our Board of Directors are also available on the Investors subpage of our website (under the link "Corporate Governance").

Information from this website is not incorporated by reference into this proxy statement.

Q: What constitutes a quorum?

- A: The presence in person or by proxy of holders of a majority of our common stock outstanding as of the Record Date is needed for a quorum at the Meeting.

Q: What are "broker votes" and "broker non-votes?"

- A: On certain "routine" matters, brokerage firms have discretionary authority under applicable stock exchange rules to vote their customers' shares if their customers do not provide voting instructions. When a brokerage firm votes its customers' shares on a routine matter without receiving voting instructions (referred to as a "broker vote"), these shares are counted both for establishing a quorum to conduct business at the Meeting and in determining the number of shares voted **"FOR"** or **"AGAINST"** the routine matter. For purposes of the Meeting, the proposal to ratify the appointment of KPMG LLP as our independent registered public accountants for the fiscal year ending December 31, 2016 is considered a "routine" matter.

Under applicable stock exchange rules: (i) the election of directors and (ii) the advisory (non-binding) vote on the compensation of our Named Executive Officers ("say-on-pay" vote) are considered "non-routine" matters for which brokerage firms do not have discretionary authority to vote their customers' shares if their

Table of Contents

customers did not provide voting instructions. **Therefore, for purposes of the Meeting, if you hold your stock through a brokerage account, your brokerage firm may not vote your shares on your behalf on (i) the election of directors and (ii) the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (“say-on-pay”) without receiving instructions from you.** When a brokerage firm does not have the authority to vote its customers’ shares or does not exercise its authority, these situations are referred to as “broker non-votes.” Broker non-votes are only counted for establishing a quorum and will have no effect on the outcome of the vote.

We encourage you to provide instructions to your brokerage firm, bank or other nominee by voting your proxy. This action ensures your shares will be voted at the Meeting on all matters up for consideration.

Q: What if I abstain from voting?

A: You have the option to “**ABSTAIN**” from voting with respect to (i) the ratification of the appointment of KPMG LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2016 and (ii) the advisory (non-binding) vote on the compensation paid to our Named Executive Officers (“say-on-pay”). Abstentions with respect to these proposals are counted for purposes of establishing a quorum. If a quorum is present, abstentions will have the same effect as a vote against the proposal.

Q: How will my shares be voted if I return my proxy card? What if I return my proxy card but do not provide voting instructions?

A: Our Board of Directors has named Paul B. Kusserow, our President and Chief Executive Officer, and Ronald A. LaBorde, our Vice Chairman and Chief Financial Officer, as official proxy holders. They will vote all proxies, or record an abstention or withholding, in accordance with the directions on the proxy.

All shares represented by properly executed proxies, unless previously revoked, will be voted at the Meeting as you direct.

IF YOU SIGN AND RETURN YOUR PROXY CARD BUT GIVE NO DIRECTION, THE SHARES WILL BE VOTED “**FOR**” THE ELECTION OF THE PERSONS NAMED HEREIN AS DIRECTORS; “**FOR**” THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016; AND “**FOR**” THE PROPOSAL REGARDING AN ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO OUR NAMED EXECUTIVE OFFICERS (“SAY-ON-PAY”).

Q: How do I vote?

A: If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a stockholder of record with respect to those shares. If you are a record holder, this Proxy Statement and the accompanying proxy card are being sent to you directly by Broadridge Financial Solutions, Inc. Please carefully consider the information contained in this Proxy Statement and, whether or not you plan to attend the Meeting, please vote by (i) accessing the Internet website specified on your proxy card, (ii) calling the toll-free number specified on your proxy card or (iii) marking, signing and returning your proxy card promptly so that we can be assured of having a quorum present at the Meeting and so that your shares may be voted in accordance with your wishes, even if you later decide to attend the Meeting. If you are a stockholder of record, the method you use to vote will not limit your right to vote at the Meeting if you decide to attend in person. Written ballots will be passed out to any stockholder of record who wants to vote at the Meeting. Please follow the directions on your proxy card carefully.

If, like most of our stockholders, you hold your shares in street name through a broker, bank or other nominee rather than directly in your own name, you are considered the beneficial owner of those shares, and

Table of Contents

this Proxy Statement is being forwarded to you by your broker, bank or other nominee, together with a voting instruction card. To vote at the Meeting, beneficial owners will need to contact the broker, bank or other nominee that holds their shares to obtain a “legal proxy” to bring to the Meeting.

If you hold shares in the name of a broker, bank or other nominee you may be able to vote those shares by Internet or telephone depending on the voting procedures used by your broker, bank or other nominee, as explained below under the question “**How do I vote if my shares are held in “street name” by a broker, bank or other nominee?**”

No cumulative voting rights are authorized, and dissenters’ rights and rights of appraisal are not applicable to the matters being voted upon.

Q: How do I vote if my shares are held in “street name” by a broker, bank or other nominee?

A: If your shares are held by a broker, bank or other nominee (this is called “street name”), those shares are not included in the total number of shares listed as owned by you on the enclosed proxy card. Instead, your broker, bank or other nominee will send you instructions for voting those shares. Many (but not all) brokerage firms, banks and other nominees participate in a program provided through Broadridge Investor Communication Solutions that offers Internet and telephone voting options.

Q: May I revoke my proxy after I have delivered my proxy?

A: You may revoke your proxy at any time before the polls close by submitting a subsequent proxy with a later date by using the Internet, by telephone or by mail or by sending our Corporate Secretary a written revocation. Your proxy will also be considered revoked if you attend the Meeting and vote in person. If your shares are held in “street name” by a broker, bank or other nominee, you must contact your broker, bank or other nominee to change your vote or obtain a proxy to vote your shares if you wish to cast your vote in person at the Meeting.

Q: Who is soliciting my vote?

A: In this Proxy Statement, our Board of Directors is soliciting your vote for matters being submitted for stockholder approval at the Meeting.

Q: Who will bear the cost for soliciting votes for the Meeting?

A: We will bear the cost of soliciting proxies. In addition to the use of mail, our directors, officers and non-officer employees may solicit proxies in person or by telephone or other means. These persons will not be compensated for the solicitation but may be reimbursed for out-of-pocket expenses. We have also made arrangements with brokerage firms and other custodians, nominees and fiduciaries to forward this material to the beneficial owners of our common stock, and we will reimburse them for their reasonable out-of-pocket expenses.

Q: Who will count the votes?

A: We have hired a third party, Broadridge Financial Solutions, Inc., to judge voting, be responsible for determining whether or not a quorum is present and tabulate votes cast by proxy at the Meeting.

Q: Where can I find voting results of the Meeting?

A: We will announce preliminary voting results at the Meeting and publish final results on a Current Report on Form 8-K that we expect to file with the SEC within four business days after the Meeting (a copy

Table of Contents

of which will be available on the “Investors” subpage of our website, www.amedisys.com, under the link “SEC Filings”). If our final voting results are not available within four business days after the meeting, we will file a Current Report on Form 8-K reporting the preliminary voting results and subsequently file the final voting results in an amendment to the Current Report on Form 8-K within four business days after the final voting results are known to us.

Q: May I propose actions for consideration at the next Annual Meeting of Stockholders or nominate individuals to serve as directors?

A: You may submit proposals for consideration at future stockholder meetings, including director nominations. Please see “Other Matters” for more details.

Q: Whom should I contact with questions about the Meeting?

A: If you have any questions about this Proxy Statement or the Meeting, please contact Jennifer Guckert, our Vice President, Associate General Counsel and Secretary, at 3854 American Way, Suite A, Baton Rouge, Louisiana 70816 or by telephone at (225) 292-2031 or (800) 467-2662.

Q: What does it mean if I get more than one proxy form?

A: You will receive a proxy form for each account that you have. Please vote proxies for all accounts to ensure that all your shares are voted. You may consolidate multiple accounts through our transfer agent, American Stock Transfer & Trust Company, LLC, online at www.amstock.com or by calling (800) 937-5449.

Q: Will a list of stockholders entitled to vote at the Meeting be available?

A: In accordance with Delaware law, a list of stockholders entitled to vote at the Meeting will be available at our corporate headquarters on June 2, 2016, and will be accessible for ten days prior to the Meeting between the hours of 9:00 a.m. and 5:00 p.m. at our corporate headquarters.

PROPOSAL 1—ELECTION OF DIRECTORS

Nominees

On April 20, 2016, our Board of Directors amended our Bylaws to provide that the number of directors shall be not less than three nor more than 15 persons, the exact number thereof to be determined from time to time by resolution of our Board of Directors. Our Board of Directors by resolution has set the number of directors at ten. The Board has nominated the ten persons named below for election at the Meeting.

All of the nominees currently serve as directors. Each person elected will serve until the next Annual Meeting of Stockholders and until his or her successor has been duly elected and qualified. Although our Board of Directors does not contemplate that any of the nominees will be unable to serve, if such a situation arises before the Meeting, the persons named as official proxy holders in the enclosed Proxy will vote for the election of such other person(s) as may be nominated by our Board of Directors.

Our Board of Directors maintains a Nominating and Corporate Governance Committee to recommend to our Board of Directors all director nominees. Stockholders who wish to recommend a person for consideration as a director nominee should follow the procedures described below under the heading “Stockholder Recommendation of Nominees.” Our Board of Directors selected the nominees for election at the Meeting upon the unanimous recommendation of the members of the Nominating and Corporate Governance Committee.

Board Member Qualifications; Diversity

Nominees for election to our Board of Directors must possess certain basic personal and professional qualities in order to properly discharge their fiduciary duties to our stockholders, provide effective oversight of our management and monitor our adherence to principles of sound corporate governance. Specifically, as set forth in our Corporate Governance Guidelines, nominees for election to our Board of Directors should possess the highest personal and professional ethics, integrity and values. They must also have an inquisitive and objective perspective, practical wisdom and mature judgment. Directors must develop an understanding of our Company’s business and have a willingness to devote adequate time to carrying out their duties. The Board seeks directors who represent a mix of backgrounds and experiences that will enhance the quality of the Board’s deliberations and decisions. In identifying candidates for membership on our Board of Directors, the Nominating and Corporate Governance Committee takes into consideration a number of factors, including: (i) relevant career experience, relevant technical skills, industry knowledge and experience and financial expertise; (ii) individual qualifications, including strength of character, mature judgment, familiarity with our business and industry, independence of thought and the ability to work collegially; and (iii) the extent to which the candidate would fulfill a present need on our Board of Directors. For each of the nominees to our Board of Directors, the biographies included in this Proxy Statement highlight the experiences and qualifications that were among the most important to the Nominating and Corporate Governance Committee in concluding that the nominee should serve as a director.

The Nominating and Corporate Governance Committee regularly assesses the appropriate size of our Board of Directors and whether any vacancies on our Board of Directors are expected due to retirement or otherwise and regularly monitors the mix of skills, experience and background of our directors to assure that the Board has the necessary composition to effectively perform its oversight function. In the event that vacancies are anticipated, or otherwise arise, the Nominating and Corporate Governance Committee will consider various potential candidates who may come to the attention of the Nominating and Corporate Governance Committee through current Board members, professional search firms, stockholders or other persons. Each candidate brought to the attention of the Nominating and Corporate Governance Committee, regardless of who recommended such candidate and regardless of whether such candidate is recommended by a stockholder, is considered on the basis of the criteria set forth above. The Nominating and Corporate Governance Committee typically evaluates each prospective candidate’s background and qualifications. In addition, one or more of the Nominating and Corporate Governance Committee members or the other Board members interviews each prospective candidate. After

completing the evaluation, prospective candidates are recommended to the full Board by the Nominating and Corporate Governance Committee, with the full Board selecting the candidates to be nominated for election by the stockholders or to be appointed by the Board to fill a vacancy.

Board of Directors Recommendation

THE BOARD RECOMMENDS THAT YOU VOTE “**FOR**” THE ELECTION OF THE PERSONS NAMED ABOVE.

Vote Required

Directors are elected by a plurality of the votes cast at the Meeting.

CORPORATE GOVERNANCE

Board Leadership Structure

Our Board of Directors is currently comprised of Mr. Kusserow (our President and Chief Executive Officer), Mr. LaBorde (our Vice Chairman and Chief Financial Officer) and eight independent directors. Peter F. Ricchiuti retired from our Board effective as of June 4, 2015, at which time the number of seats and the number of directors on our Board was reduced from eight to seven. On April 20, 2016, our Board of Directors set the number of directors at ten and appointed Julie D. Klapstein, Richard A. Lechleiter and Jeffrey A. Rideout, MD to serve on our Board of Directors. Each director serves a one-year term and is subject to annual election. Donald A. Washburn has served as the non-executive Chairman of our Board since August 31, 2014. Previously, Mr. Washburn, along with David R. Pitts, served as non-executive Co-Chairmen of our Board from February 20, 2014 to August 31, 2014. Mr. Pitts retired from our Board on August 31, 2014 after 17 years of service. Prior to February 20, 2014, Mr. Washburn served as our independent Lead Director.

Our Board believes it is appropriate to continue to separate the positions of Chairman and Chief Executive Officer because this leadership structure enhances our Board's ability to ensure that the appropriate level of independent oversight is applied to all management decisions. It also permits our President and Chief Executive Officer to focus on Company operations.

It is unknown at this time whether the Chairman and Chief Executive Officer positions will once again be combined. If the roles are combined, our Board will once again identify an independent Lead Director, as required by our Bylaws and Corporate Governance Guidelines. Specifically, whenever there is no independent Chairman of the Board, our Board members are required to appoint one of the independent directors as Lead Director "to lead the Board in fulfilling its duties effectively, efficiently and independent of management."

As non-executive Chairman of the Board, Mr. Washburn fulfills the responsibilities of an independent Lead Director, as outlined in our Bylaws and Corporate Governance Guidelines, specifically: enhancing Board effectiveness, in particular by ensuring the Board works as a cohesive team; ensuring that the Board has adequate resources and is presented with full, timely and relevant information; ensuring that there is a process in place to monitor best practices that relate to the responsibilities of the Board; and by assessing the effectiveness of the overall Board, its committees and individual directors on a regular basis. Our Chairman of the Board is directly responsible for Board management, in particular by chairing Board meetings, providing input on the agendas for Board and committee meetings; evaluating the membership and chairs for Board committees and the effectiveness of the committees; and ensuring that the independent directors meet regularly without management present to discuss the effectiveness of our President and Chief Executive Officer, the effectiveness of the Board and the committees of the Board, and matters relating to succession planning and strategic planning. Finally, our non-executive Chairman of the Board also serves as a key liaison between management and the independent directors.

We believe the Chairs of our five independent Board committees (Ms. Hall: Compliance and Ethics Committee; Mr. Zilkha: Compensation Committee; Mr. Netterville: Audit Committee; Mr. Perkins: Quality of Care Committee; and Mr. Washburn: Nominating and Corporate Governance Committee) have made valuable contributions to our Company in these roles, which are vital to our Board leadership structure. Each Committee Chair meets regularly with members of Company management, as appropriate, to discuss matters relevant to their respective Committee functions, both with and without the presence of our Chief Executive Officer. Ms. Hall, Ms. Klapstein, Dr. Rideout and Messrs. Lechleiter, Netterville, Perkins and Zilkha also regularly communicate with Mr. Washburn, in his role as non-executive Chairman of the Board, regarding Board and Committee functions.

Risk Oversight

The Board's Role in Risk Oversight

Risk management is primarily the responsibility of our Company's senior management team, while our Board of Directors is responsible for the overall supervision and oversight of our Company's risk management activities.

Table of Contents

The Board's oversight of the material risks faced by the Company occurs at both the full Board level and at the committee level. The Audit Committee has oversight responsibility not only for financial reporting with respect to the Company's major financial exposures and the steps management has taken to monitor and control such exposures, but also for the effectiveness of management's enterprise risk management process that monitors key business risks facing the Company. Specifically, as stated in its charter, one of the responsibilities of the Audit Committee is "to discuss guidelines and policies governing the process by which senior management of the Company and the relevant departments of the Company assess and manage the Company's exposure to risk, and to discuss the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures." In connection with its risk oversight role, at each of its quarterly, in-person meetings, the Audit Committee also meets privately in separate executive sessions with representatives from the Company's independent registered public accounting firm (without any members of Company management present) and the Company's Senior Vice President—Audit (without other members of Company management present). The Company's Senior Vice President—Audit manages the Company's Internal Audit and Enterprise Risk Management functions and has been employed by the Company since April 2002. The Internal Audit Department, according to its charter, is charged with taking "a systematic and disciplined approach to evaluate and improve the effectiveness of the organization's risk management, control, and governance processes." Finally, the Audit Committee also receives quarterly reports regarding the Company's testing and controls implemented in compliance with the requirements of the Sarbanes-Oxley Act of 2002.

In addition, the Compliance and Ethics Committee of the Board receives presentations at its quarterly in-person meetings from the Company's Chief Compliance Officer, who has been employed by the Company since April 2001. The Chief Compliance Officer, who heads the Company's Compliance Department, is responsible for monitoring the Company's compliance with federal and state laws governing the provision of healthcare services and patient privacy, as well as conditions of participation in the Medicare and Medicaid programs for the home health and hospice services provided by the Company. During these meetings, the Chief Compliance Officer provides a detailed report on compliance activities, relevant regulatory developments impacting the compliance function and our risk mitigation practices. As part of its risk oversight duties, the members of the Compliance and Ethics Committee meet regularly with the Chief Compliance Officer privately in executive session (without other members of Company management present), and it is expected that the Chief Compliance Officer maintains an open line of communication with both the Compliance and Ethics Committee and the full Board.

Further, the Company's Chief Medical Officer and/or Chief Clinical Officer, as appropriate, reports in person to the Board's Quality of Care Committee on a quarterly basis on matters relating to the quality of the Company's clinical outcomes and the care provided to its patients. The Company's clinical protocols are designed to minimize patient risk and improve patient health outcomes.

In addition, the Company's General Counsel reports in person to the Board on at least a quarterly basis to keep the directors informed concerning legal risks and other legal matters involving the Company and the Company's legal risk mitigation efforts.

Additionally, at each Board meeting, our Chief Executive Officer meets with the other directors in executive session to address operational and strategic matters, including areas of risk and opportunity that require Board attention. Further, in dedicated sessions each July focusing entirely on corporate strategy, the full Board reviews in detail the Company's short- and long-term strategies, including consideration of risks facing the Company.

The oversight of risk within the organization is an evolving process requiring the Company to continually look for opportunities to further embed systematic enterprise risk management into ongoing business processes across the organization. The Board actively encourages management to continue to review and improve its methods of assessing and mitigating risk.

Compensation Risk Assessment

Our management believes that our incentive compensation arrangements provide incentives that do not encourage risk-taking beyond our organization's ability to effectively identify and manage significant risks; are

Table of Contents

compatible with effective internal controls and the risk management practices of our Company; and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

For the annual long-term (equity-based) compensation programs in place in 2015 for our (i) executive officers and (ii) corporate and field (non-executive) management, our management based this conclusion on the fact that all of the awards were subject only to time-based vesting conditions. For the annual short-term (cash bonus) compensation programs in place for our (i) executive officers and (ii) corporate and field senior (non-executive) management in place in 2015, our management based this decision on the fact that the performance targets were linked to overall corporate performance (adjusted EBITDA target). For the annual short-term (cash bonus) compensation programs in place for our care center-level employees, our management based this conclusion on the facts that risks are mitigated by designing incentive programs with reasonable caps, a balance of multiple performance measures and appropriate controls to establish targets and validate actual performance against the targets before payouts are made.

Further, our Chief Human Resources Officer and/or company internal counsel, as appropriate, report to the full Board on at least a quarterly basis on matters relating to employee compensation.

Board Committees

Audit Committee

The Audit Committee's responsibilities are covered by its charter, a copy of which appears on the "Investors" subpage of our website, (www.amedisys.com) under the link "Corporate Governance." The Committee was established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934 (the "Exchange Act"), and its responsibilities include hiring and supervising the work of our registered independent public accountants and our Senior Vice President—Audit (who manages our Internal Audit Department), overseeing our financial reporting process, internal controls and legal and regulatory compliance and pre-approving all audit and non-audit services to be provided by independent auditors.

The Audit Committee is currently comprised of Jake L. Netterville (Chairman) and Messrs. Lechleiter, Washburn and Zilkha. Our Board of Directors has determined that each member of the Audit Committee also meets the definition of an "independent director" as defined by Rule 10A-3 under the Exchange Act and that Mr. Netterville qualifies as an "audit committee financial expert," as defined by Item 407(d)(5) of SEC Regulation S-K, and as a "financially sophisticated audit committee member" under NASDAQ Listing Rule 5605(c)(2)(A). This determination is based on the fact that Mr. Netterville is a certified public accountant. In addition, our Board of Directors has determined that Messrs. Lechleiter, Washburn and Zilkha are each financially literate.

Compensation Committee

The Compensation Committee reviews and acts on compensation levels and benefit plans for our executive officers, approves director compensation, approves and evaluates the Company's equity compensation plans, approves the issuance of stock options, nonvested stock, restricted stock, restricted stock units and other equity-based awards under our equity compensation plans and has the sole authority to retain, and has retained, compensation consultants. It also provides assistance to our Board of Directors in the annual evaluation of our Chief Executive Officer. The Compensation Committee is currently comprised of Nathaniel M. Zilkha (Chairman), Ms. Klapstein and Messrs. Netterville and Washburn. Our Board of Directors has determined that each member of the Compensation Committee meets the definition of an "outside director" as defined by regulations promulgated pursuant to Section 162(m) of the Internal Revenue Code and is a "non-employee director" as defined in the SEC's Rule 16b-3. The Compensation Committee may not delegate any of its authority with respect to approving the compensation (including equity-based compensation) of our directors and

executive officers. The Compensation Committee may delegate its authority to approve awards of equity-based compensation to persons other than our directors and executive officers to our Chief Executive Officer. A copy of the Compensation Committee's charter appears on the "Investors" subpage of our website (www.amedisys.com) under the link "Corporate Governance."

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies and evaluates individuals qualified to become members of the Board of Directors and recommends to our Board of Directors all nominees for election to our Board of Directors. The Nominating and Corporate Governance Committee also provides assistance to our Board of Directors in the annual evaluations of our Board of Directors and its Committees, the review and consideration of corporate governance practices and ongoing board governance education. The Nominating and Corporate Governance Committee also prepares the slate of chairs and members for each of the Board's standing committees. The Nominating and Corporate Governance Committee is comprised of Donald A. Washburn (Chairman) and each of our other independent directors (Messrs. Lechleiter, Netterville, Perkins and Zilkha, Dr. Rideout, Ms. Hall and Ms. Klapstein). A copy of the Nominating and Corporate Governance Committee's charter appears on the "Investors" subpage of our website (www.amedisys.com), under the link "Corporate Governance."

Quality of Care Committee

The Quality of Care Committee is comprised of Bruce D. Perkins (Chairman), Ms. Hall, Ms. Klapstein and Dr. Rideout. The dual purposes of the Quality of Care Committee are to (i) assist our Board of Directors in fulfilling its oversight responsibilities relating to the review of our policies and procedures in connection with the delivery of quality medical care to patients and patient safety and (ii) to assist our Board of Directors and our management in promoting a "culture of quality" throughout our Company. A copy of the Quality of Care Committee's charter appears on the "Investors" subpage of our website (www.amedisys.com), under the link "Corporate Governance."

Compliance and Ethics Committee

The Compliance and Ethics Committee was formed on October 2013 and is comprised of Linda J. Hall, PhD (Chair), Dr. Rideout and Messrs. Lechleiter and Perkins. Mr. Perkins has been deemed to have significant familiarity and experience with Medicare compliance due to his over 39 years of executive and senior management-level employment experience in the healthcare industry. The dual purposes of the Compliance and Ethics Committee are (i) to assist the Board in fulfilling its oversight responsibilities relating to (a) the compliance by the Company with all legal requirements to which it is subject, including specifically all federal and state health care laws and regulations to which it is subject, all fraud and abuse laws and all applicable Medicare program requirements, (b) the design, implementation and execution of the Company's Compliance and Ethics Program, (c) the activities of the Chief Compliance Officer and the operation of the Company's Compliance Department, and (d) matters relating to the Company's Corporate Compliance Plan and Code of Ethical Business Conduct; and (ii) assist the Board and Company management in establishing an appropriate "tone at the top" and promoting a strong "culture of compliance" throughout the Company, while also recognizing that other Board committees assist the Board in fulfilling its oversight responsibilities relating to various areas of legal and regulatory compliance. A copy of the Compliance and Ethics Committee's charter appears on the "Investors" subpage of our website (www.amedisys.com), under the link "Corporate Governance."

Committees that are each comprised solely of independent directors. Each Board committee generally meets on or around the date of each regularly-scheduled quarterly in-person Board meeting. During 2015, the Audit Committee held 5 in-person meetings and 1 telephonic meeting; the Compensation Committee held 5 in-person meetings and 5 telephonic meetings; the Nominating and Corporate Governance Committee held 5 in-person meetings and 3 telephonic meetings; the Quality of Care Committee held 4 in-person meetings and 3 telephonic meetings; and the Compliance and Ethics Committee held 5 in-person meetings and 3 telephonic meetings. Each director attended at least 75% of the total number of Board meetings and meetings of the Committees on which he or she served during 2015. Generally, during every month in which there is not a regularly-scheduled in-person Board meeting, the Board members meet telephonically with selected members of Company management.

Independent Directors—Meetings in Executive Session

The independent directors, as a group, meet in-person in executive session on a regular basis (and at least once, quarterly) in connection with each in-person Board meeting without any members of our management or non-independent directors present. Mr. Washburn currently presides over these executive sessions as non-executive Chairman of the Board.

Stockholder Recommendation of Nominees

Per our Corporate Governance Guidelines (a copy of which appears on the “Investors” subpage of our website (www.amedisys.com) under the link “Corporate Governance”), stockholders may recommend a nominee for consideration by the Nominating and Corporate Governance Committee of our Board by sending the following information to our Corporate Secretary, at 3854 American Way, Suite A, Baton Rouge, Louisiana 70816, who will forward the information to the Chairman of the Committee:

- Name, mailing address and telephone number of the stockholder;
- The proposed nominee’s name, mailing address and telephone number;
- A statement whether the proposed nominee knows that his or her name is being suggested by the stockholder, and whether he or she has consented to being suggested and is willing to serve;
- The proposed nominee’s resume or other description of his or her background and experience;
- The proposed nominee’s relationship to the stockholder; and
- The stockholder’s reasons for proposing that the individual be considered.

The Nominating and Corporate Governance Committee will solicit and receive recommendations for candidates to fill any Board vacancies and will review the qualifications of potential director candidates. The Nominating and Corporate Governance Committee will present any recommended candidates to the full Board for consideration. Stockholders may also nominate directors for election to our Board of Directors. For additional important information regarding stockholder nominations of directors and stockholder proposals, please see the “Other Matters” section of this Proxy Statement.

Board Independence, Stockholder Communications and Board Attendance at the Annual Stockholders Meeting

Our Board of Directors has reviewed and analyzed the independence of each director nominee. The purpose of the review was to determine whether any particular relationships or transactions involving directors or their affiliates or immediate family members were inconsistent with a determination that the director is independent for purposes of serving on the Board of Directors and its committees. During this review, the Board of Directors examined whether there were any transactions and/or relationships between directors or their affiliates or immediate family members and the Company and the substance of any such transactions or relationships.

Table of Contents

Following this review, our Board of Directors determined that all directors other than Messrs. Kusserow and LaBorde are “independent” under the director independence requirements and listing standards of The NASDAQ Global Select Market. Messrs. Kusserow and LaBorde are not considered independent because they are executive officers of the Company.

Stockholders who wish to communicate with our Board of Directors, our non-executive Chairman of the Board (or, if applicable, our Lead Director) or our Audit Committee should address their communications to such party, in care of our Corporate Secretary, who is responsible for promptly disseminating such communications to our Board of Directors, our non-executive Chairman of the Board (or, if applicable, Lead Director) or Audit Committee Chairman, as appropriate. Per our Corporate Governance Guidelines (described below), all communications with the Board, our non-executive Chairman of the Board (or, if applicable, our Lead Director) or the Audit Committee are treated confidentially, and stockholders and other interested parties can remain anonymous when communicating their concerns. Stockholders who would like to submit the name of a person for consideration as a director nominee should address any communication to our Corporate Secretary in accordance with the procedures described under the heading “Corporate Governance—Stockholder Recommendation of Nominees,” above.

We do not have a formal policy regarding attendance by Board members at our Annual Stockholders Meeting because management is available at the meeting to answer questions from stockholders in attendance. Directors Paul B. Kusserow and Ronald A. LaBorde attended our 2015 Annual Meeting of Stockholders (the “2015 Annual Meeting”) in person, and directors Linda J. Hall, PhD, Jake L. Netterville, Donald A. Washburn and Nathaniel M. Zilkha attended our 2015 Annual Meeting via teleconference. Historically, we have had low in-person stockholder attendance at our Annual Stockholders Meetings.

Compensation Consultant Independence and Conflicts of Interest Assessment

The Compensation Committee engaged the services of Pearl Meyer (“Pearl Meyer”) as its independent advisor on matters of executive compensation (the “Engagement”) in respect of and during fiscal 2015. Pearl Meyer reports directly to the Committee and provides no other remunerated services to the Company or any of its affiliates. In accordance with the requirements of Item 407(e)(3)(iv) of Regulation S-K, the Company has affirmatively determined that no conflicts of interest exist between the Company and Pearl Meyer (or any individuals working on the Company’s account on Pearl Meyer’s behalf). In reaching such determination, the Company considered the following enumerated factors, all of which were attested to or affirmed by Pearl Meyer:

(1) During fiscal 2015, Pearl Meyer provided no services to and received no fees from the Company other than in connection with the Engagement;

(2) The amount of fees paid or payable by the Company to Pearl Meyer in respect of the Engagement represented (or are reasonably certain to represent) less than 1% of Pearl Meyer’s total revenue for the 12 month period ended December 1, 2015;

(3) Pearl Meyer has adopted and put in place adequate policies and procedures designed to prevent conflicts of interest, which policies and procedures were provided to the Company;

(4) There are no business or personal relationships between Pearl Meyer and any member of the Compensation Committee other than in respect of (i) the Engagement, or (ii) work performed by Pearl Meyer for any other company, board of directors or compensation committee for whom such Committee member also serves as an independent director;

(5) Neither Pearl Meyer, nor any of the consultants working on the Amedisys engagement owns any stock of the Company; and

(6) There is no business or personal relationships between Pearl Meyer and any executive officer of the Company other than in respect of the Engagement.

PROPOSAL 2—RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Background

The Audit Committee of the Board of Directors has appointed KPMG LLP (“KPMG”) as the independent registered public accounting firm to audit our Company’s consolidated financial statements for the fiscal year ending December 31, 2016. The submission of this matter for ratification by stockholders is not legally required; however, our Board of Directors believes that such submission is consistent with best practices in corporate governance and is an opportunity for stockholders to provide direct feedback to the Audit Committee and the Board of Directors on an important issue of corporate governance. If the selection is not ratified, the Audit Committee will consider whether it is appropriate to select another independent registered public accounting firm as our Company’s external auditor. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm to be our Company’s external auditor at any time during the year if it determines that such a change would be in the best interests of our Company and our stockholders.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE “**FOR**” THE RATIFICATION OF THE APPOINTMENT OF KPMG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote.

KPMG Representative—Attendance at the Meeting

A representative of KPMG will be present at the Meeting, will have the opportunity to make a statement and will be available to respond to appropriate questions by stockholders.

REPORT OF THE AUDIT COMMITTEE

This Audit Committee report shall not be deemed incorporated by reference by any general statement incorporating by reference this Proxy Statement into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that we specifically incorporate this information by reference, and shall not otherwise be deemed filed under the Exchange Act.

What is the Audit Committee and what does it do?

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight and review of Amedisys’ accounting functions and internal controls. The committee recommends to the Board of Directors that our audited financial statements be included in our Annual Report on Form 10-K and approves all fees paid to our independent registered public accounting firm. The committee also receives quarterly reports from our Internal Audit Department and approves the annual Internal Audit Work Plan and the compensation of the Senior Vice President—Audit, who leads our Internal Audit Department.

Are the members of the Audit Committee “independent”?

Yes. The Audit Committee is currently comprised of four directors, all of whom are independent as determined in accordance with the listing standards of The NASDAQ Global Select Market and within the meaning of Rule 10A-3 under the Exchange Act.

Table of Contents

Do the members of the Audit Committee meet regularly in executive session without members of Company management present? Do the members of the Audit Committee meet separately with representatives of the Company's independent registered public accounting firm and the Company's Internal Audit Department?

Yes. The Audit Committee meets at least once quarterly in executive session without members of Company management present. During these executive sessions, the Audit Committee will also meet separately with representatives of the Company's independent registered public accounting firm (generally, the Lead Audit Partner) and the Senior Vice President—Audit, on behalf of the Company's Internal Audit Department. The Audit Committee also meets separately with other senior members of Company management as it deems necessary.

What steps did the Audit Committee take in recommending that our audited financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2015 (our "2015 Annual Report")?

In connection with recommending that our audited financial statements be included in our 2015 Annual Report, the members of the Audit Committee took the following steps:

- The members of the Audit Committee discussed with our independent registered public accounting firm their judgment as to the quality, not just the acceptability, of our accounting policies and principles and such other matters as are required to be discussed under generally accepted auditing standards, including information concerning the scope and result of the audit. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process.
- Management represented to the Audit Committee that the Company's audited consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America, on a consistent basis, and the Audit Committee reviewed and discussed the quarterly and annual earnings press releases and consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by the Public Company Accounting Oversight Board (the "PCAOB") Auditing Standard No. 16.
- The Company's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the PCAOB regarding their independence, and the members of the Audit Committee discussed with the independent registered public accounting firm the firm's independence from the Company and its management. The members of the Audit Committee also considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining the independent registered public accounting firm's independence. This discussion and disclosure informed the Audit Committee of the independent registered public accounting firm's independence, and assisted the Audit Committee in evaluating that independence. The members of the Audit Committee concluded that the independent registered public accounting firm is independent from the Company and its management.
- The members of the Audit Committee reviewed and discussed, with our management and independent registered public accounting firm, our audited consolidated balance sheet as of December 31, 2015 and the related consolidated statements of operations, comprehensive (loss) income, stockholders' equity and cash flows for each of the years in the three-year period ended December 31, 2015, including associated footnotes and Management's Discussion and Analysis of Financial Condition and Results of Operations.
- The members of the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority) reviewed and pre-approved all permissible non-audit services by our independent registered public accounting firm.
- The members of the Audit Committee reviewed the Principal Executive Officer and Principal Financial Officer Certifications concerning the Company's 2015 Annual Report.

Table of Contents

Based on the discussions with our independent registered public accounting firm concerning the audit, the independence discussions, the financial statement quarterly review, and additional matters deemed relevant and appropriate by the Audit Committee, including internal audit activities, the Audit Committee recommended to the Board of Directors that our audited consolidated financial statements be included in our 2015 Annual Report.

Policy on Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors; Delegation of Pre-Approval Authority in Specified Instances

All audit and permissible non-audit services provided by the independent auditors are pre-approved by the Audit Committee (or the Chairman of the Committee, pursuant to a delegation of authority). These services may include audit services, audit-related services, tax services and other services. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. The independent auditors and management are required to periodically report to the Audit Committee regarding the extent of services provided by the independent auditors in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis. The Audit Committee has delegated authority to Mr. Netterville, the Chairman of the Audit Committee, to address requests for pre-approval of specified types of transactions not included in the annual budget prepared by the independent auditors, provided that any such pre-approvals are presented to the full Audit Committee at its next meeting.

PROPOSAL 3—ADVISORY (NON-BINDING) VOTE ON THE COMPENSATION PAID TO THE COMPANY’S NAMED EXECUTIVE OFFICERS (“SAY-ON-PAY” VOTE)

General Information

The *Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010* and *Section 14A of the Exchange Act* enable our stockholders to vote to approve, on an advisory (non-binding) basis, the compensation paid to our “Named Executive Officers” as disclosed in this Proxy Statement in accordance with the Securities and Exchange Commission’s rules.

Say-on-Pay Vote Mechanics

We are asking our stockholders to provide advisory approval of the compensation paid to our “Named Executive Officers,” as described in the “Compensation Discussion and Analysis” (“CD&A”) section of this Proxy Statement (beginning on page 34) and the compensation tables and narrative disclosures following the CD&A.

This advisory vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and our compensation philosophy, policies and practices, as described in this Proxy Statement.

Consideration of the 2015 Advisory Vote on Executive Compensation and 2015 Annual Meeting Voting Results, Generally

As discussed further in the CD&A, at our 2015 Annual Meeting, 90.28% of the shares present in person or by proxy and entitled to vote on the matter voted to approve, in an advisory vote, the compensation paid to our Named Executive Officers, as described in our 2015 Proxy Statement.

The Compensation Committee values the feedback of our stockholders and takes into account the outcome of Say-on-Pay votes when considering future executive compensation arrangements and potential changes to our executive compensation program. The Board of Directors has determined that the Company will hold an advisory (non-binding) vote on executive compensation on an annual basis until the next required advisory (non-binding) vote on the frequency of say-on-pay votes occurs at the 2017 Annual Meeting.

Highlights of our Executive Compensation Program

We believe that our executive compensation program:

- Aligns executive compensation to business objectives and overall Company performance;
- Attracts, retains, and motivates highly-qualified executives by offering market-competitive total compensation packages;

Table of Contents

- Balances the focus on short- vs. longer-term performance objectives through an appropriate mix of short-term cash incentive awards and equity incentive awards that vest over a number of years;
- Has features designed to further align executive compensation with stockholder interests and mitigate risks, including: (i) cash bonus and equity award “claw-back” and forfeiture provisions for violating certain employment agreement covenants, (ii) a prohibition on “short sales” of and “hedging” Company securities (applicable to all employees), (iii) no minimum guaranteed cash bonus payments, equity grants (with the exception of equity grants upon hire) or base salary increases and (iv) limited perquisites; and
- Has certain features that are widely considered “best practices,” including employment agreement change-in-control provisions that only provide cash severance upon a change-in-control termination (i.e., a “double-trigger”) and do not provide for the payment of any excise tax gross-up amounts (other than for moving expenses).
- Consistent with these goals, and as further discussed in the CD&A, we believe the Compensation Committee of our Board of Directors has designed an executive compensation program that: (i) rewards pay for performance, (ii) is competitive and reasonable as compared to compensation programs adopted by similarly-sized public companies in the industry and based on a review of broader public company and industry survey data and (iii) is cost-effective with limited perquisites and other personal benefits.

Board of Directors Recommendation

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” THE SAY-ON-PAY PROPOSAL, AS STATED BY THE FOLLOWING RESOLUTION:

“RESOLVED, that the Company’s stockholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company’s Proxy Statement for the 2016 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the 2015 Summary Compensation Table, and the other related tables and disclosures.”

The say-on-pay vote is advisory, and therefore not binding on the Company, our Board of Directors or our Compensation Committee. Our Board of Directors and the Compensation Committee value the opinions of our stockholders and will take into account the outcome of this vote in considering future compensation arrangements.

Vote Required

Approval of this proposal requires the affirmative vote of a majority of the shares represented at the Meeting and entitled to vote.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (“CD&A”) outlines our executive compensation philosophy, objectives and processes. It explains the decision making process used by the Compensation Committee of our Board of Directors (the “Compensation Committee”), the reasoning behind our executive compensation program, and, more specifically, the actions the Compensation Committee took related to the compensation of our “Named Executive Officers,” which under the SEC’s executive compensation disclosure rules consist of all persons who served as our principal executive officer and our principal financial officer during our last fiscal year and our next three highest-paid executive officers who were serving as executive officers at the end of our last fiscal year.

In 2015, our Named Executive Officers were as follows:

- Paul B. Kusserow—President and Chief Executive Officer
- Ronald A. LaBorde—Vice Chairman and Chief Financial Officer
- Daniel P. McCoy—Chief Operating Officer as of April 6, 2015
- Lawrence R. Pernosky—Chief Human Resources Officer as of April 21, 2015
- Martin B. Howard—Chief Information Officer as of April 6, 2015
- Dale E. Redman—Interim Chief Financial Officer from March 24, 2014 to April 6, 2015

Background—Executive Leadership Transition

2015 was another year of significant change for the Company. The following executive leadership changes occurred in 2015:

- Effective April 6, 2015, the Board appointed Ronald A. LaBorde, who was then serving as our Vice Chairman since December 16, 2014, as our Chief Financial Officer. Mr. LaBorde previously served as our President and Interim Chief Executive Officer and served as our President and Chief Financial Officer prior to that.
- Effective April 6, 2015, Daniel P. McCoy was appointed as Chief Operating Officer of the Company.
- Effective April 21, 2015, Lawrence R. Pernosky was appointed as Chief Human Resources Officer of the Company.
- Effective April 6, 2015, Martin B. Howard was appointed as Chief Information Officer of the Company.
- Effective April 6, 2015, Dale E. Redman, who served as our Interim Chief Financial Officer beginning in March 2014, retired from the Company.

Due to the unique circumstances surrounding their appointment and continued service, 2015 compensation decisions for our Named Executive Officers differed from our historical compensation practices. However, these decisions aligned to the Executive Compensation philosophy going forward which places emphasis on a market competitive base salary, lower than market bonus and higher than market performance based equity award.

2015 Compensation Strategy—Tactical Decisions During a Time of Corporate Turnaround and Leadership Changes

The executive leadership changes described above caused the Compensation Committee to narrowly tailor portions of our 2015 compensation program based on identified recruitment and retention goals while continuing to emphasize the objective of linking executive compensation to the Company’s financial and operating performance and changes in stockholder value. The Compensation Committee awarded equity grants to new members of Company senior leadership in 2015 targeted towards these goals. See “Overview of our Executive Compensation Program.”

Key 2015 Compensation Developments and Pay-for-Performance Highlights in 2015

2015 Key Compensation Developments

- Mr. LaBorde's salary was reduced in connection with his appointment as Chief Financial Officer on April 6, 2015. None of our other Named Executive Officers received a salary adjustment in 2015 (additional information regarding the base salaries of all of our Named Executive Officers appears under the heading "Base Salaries").
- In 2015, the Compensation Committee resumed its practice of tying a portion of the vesting requirements associated with the equity grants under our annual long-term incentive plans to identified multi-year performance targets set during the first quarter of the subject fiscal year. A significant component of this approach in 2015 was to provide "front-loaded" equity grants to the Named Executive Officers (additional information on this topic appears under the heading "Pay for Performance—Front-Loaded Equity Awards").
- Effective as of December 17, 2015, as consideration for his voluntarily agreeing to relinquish any remaining rights under the terms of his employment agreement, the Compensation Committee approved an equity award to Mr. LaBorde under the terms of the Company's 2008 Omnibus Incentive Compensation Plan. The equity award consisted of: (a) 75,000 time-based vesting Non-Qualified Stock Options, (b) 75,000 performance-based vesting Non-Qualified Stock Options, (c) 27,500 time-based vesting Restricted Share Units, and (d) 27,500 performance-based vesting Restricted Share Units (additional information on this topic appears under the heading "Ronald A. LaBorde—December 2015 Equity Bonus").

2015 Pay-for-Performance Highlights

- The "target" bonus opportunity for each Named Executive Officer is expressed as a percentage of base salary. For our eligible Named Executive Officers, such bonus opportunity was set at 25% of their respective base salaries. These percentages were lower than the percentages used in our 2014 annual incentive compensation program as a result of the change in the Company's executive compensation philosophy and relatively larger "front-loaded" equity grants to the Named Executive Officers.

Overview of our Executive Compensation Program

Our executive compensation consists of:

- Base salary;
- Annual performance-based incentives (cash bonuses);
- Long-term incentives; and
- Retirement, health and welfare benefits.

Generally during the first fiscal quarter of each year, the Compensation Committee (i) determines whether there are going to be any base salary adjustments for or grants of long-term incentive equity awards to our executive officers effective as of April 1 of the current fiscal year, (ii) establishes the performance measures under our current year cash bonus and long-term (equity-based) incentive compensation plans, as applicable, and (iii) determines whether the performance conditions for recently-completed performance periods have been satisfied.

As mentioned above, 2015 was a year of significant change for our Company, including the addition of several key members of senior leadership. The compensation awarded to the Company's executive officers who joined the Company in 2015 was structured such that base salaries were competitive to market and annual bonus opportunities slightly below market levels, with one-time front-loaded equity grants featuring a mix of time-based and performance-based vesting conditions over six years. The Compensation Committee believed this structure would align the interests of the executive officers with the interests of the Company's stockholders such

Table of Contents

that if the Company met or exceeded the annual performance goals, the total annual compensation for each executive officer would exceed median market levels at similarly-sized public companies in the Company's industry. Because of the unique nature of the equity awards granted to the executive officers in 2015 and the purpose of such awards, the Compensation Committee does not intend for such executive officers to receive any additional equity grants in the foreseeable future.

Consideration of the 2015 Advisory Vote on Executive Compensation and 2015 Annual Meeting Voting Results, Generally

At our 2015 Annual Meeting, 90.28% of the shares present in person or by proxy and entitled to vote on the matter voted to approve, in an advisory vote, the compensation paid to our Named Executive Officers, as described in our 2015 Proxy Statement. We believe these results demonstrate strong stockholder support for our overall executive compensation objectives.

The Compensation Committee values the feedback of our stockholders and takes into account the outcome of Say-on-Pay votes when considering future executive compensation arrangements and potential changes to our executive compensation program.

Governance Standards Applicable to our Executive Compensation Program

Our Board and the Compensation Committee maintain governance standards applicable to our executive compensation program, including the following key practices:

- A Compensation Committee comprised solely of independent directors;
- An independent compensation consultant that reports to and is directed by the Compensation Committee, and that provides no other services to the Company;
- An Insider Trading Policy that prohibits our executive officers (and independent Board members) from pledging Company securities as collateral for loans or keeping any Company securities in a margin account and that bars ownership of financial instruments or participation in investment strategies that hedge the economic risk of owning Company stock;
- Change in control cash severance payments that are contingent upon a qualifying transaction and a qualifying termination of employment (commonly referred to as a "double trigger"); and
- No tax gross-ups (other than for moving expenses) including no tax gross-ups for any excise taxes in conjunction with payments that are contingent upon a change in control.

Compensation Philosophy and Objectives

Our compensation philosophy, which extends to all employees including our Named Executive Officers, is designed to align employee and stockholder interests. Our objective is to pay fairly based upon the employee's position, experience and performance. Employees may be rewarded through additional compensation, for example, in the form of a cash bonus or an equity grant, when we meet or exceed targeted business objectives. Certain employees are also eligible to receive incentive compensation based on both individual and/or Company performance.

The objectives of our compensation philosophy are described below:

- *Stockholder-aligned.* Management-level employees generally have some portion of their incentive compensation aligned with our Company's overall financial performance through cash bonus programs or equity grants, the value of which is directly tied to change in share value.
- *Performance-based.* Management-level employees generally have some portion of their incentive compensation linked to a combination of Company, operating unit, and/or individual performance. The application of performance measures as well as the form of the award may vary depending on the employee's position and responsibilities.

Table of Contents

- *Market-driven.* We structure our compensation programs to be competitive in the total compensation that they offer.
- *Focused on the individual.* We design our incentive compensation programs to attract, motivate and retain key management, including our Named Executive Officers.

Compensation Administration

Role of the Compensation Committee

Pursuant to the terms of its charter, the Compensation Committee is responsible for the review and approval of all aspects of our executive compensation program and makes all decisions regarding the compensation of our executive officers. Per its charter, the Compensation Committee's primary responsibilities with respect to executive compensation are as follows:

- Review and approval of corporate long-term and short-term incentive goals and objectives relevant to executive compensation;
- Evaluation of the performance of our Chief Executive Officer and review of our Chief Executive Officer's evaluation of the performance of our other executive officers;
- Evaluation of the competitiveness of the total compensation package for our executive officers;
- Evaluation and approval of executive officer employment, severance and change-in-control agreements, including any amendments thereto, and any title change for any executive officer; and
- Approval of any changes to the total compensation package for our executive officers, including but not limited to changes to benefits, base salary, annual cash incentive and long-term equity incentive award opportunities and retention programs.

Additional information regarding the Compensation Committee's responsibilities is set forth in its charter, a copy of which appears on the "Investors" subpage of our website (www.amedisys.com) under the link "Corporate Governance." Information from this website is not incorporated by reference into this proxy statement.

Role of the Independent Compensation Consultant

The Compensation Committee's charter grants the Compensation Committee the authority to retain experts in the field of executive compensation to assist the Compensation Committee in fulfilling its duties. In 2015, the Compensation Committee engaged Pearl Meyer (the "Consultant") as its compensation consultant. In 2015, the Consultant provided the following consulting services to the Compensation Committee:

- Executive compensation review and related advice for the current fiscal year, including advice relating to the front-loaded equity grants to our Named Executive Officers and Mr. LaBorde's December 2015 equity bonus.
- The Consultant assisted the Compensation Committee in determining the performance metrics under our 2015 annual (cash bonus) incentive compensation plans and the design of our 2015 long-term incentive grant.
- Based on the review of published public company and industry survey data, the Consultant provided information regarding the competitiveness and reasonableness of the 2015 Named Executive Officer short-term (cash bonus) and long-term (equity-based) incentive opportunities at "target."
- An evaluation of the Company's pay-for-performance relationship and how that relationship compares to public companies in the healthcare services and facilities sectors and similarly-sized public companies across multiple industries.
- Compensation review and related advice for the current fiscal year for selected members of our non-executive officer senior management.

Table of Contents

- Non-employee director compensation review and related advice.
- Assistance with the preparation of the compensation-related portions of our 2015 Proxy Statement.
- Updates regarding compensation-related issues, trends and regulatory changes.

Compensation Consultant Independence

Because the Consultant does not provide any non-compensation related services to our Company, we believe that the Consultant is independent of management and provides the Compensation Committee with objective advice. As part of its engagement, the Consultant participated in meetings with both the Compensation Committee and senior management to learn more about our business strategy and executive compensation objectives. The Compensation Committee retains the Consultant directly, although in carrying out assignments, the Consultant also interacts in certain capacities with our management-level employees. All such assignments are approved by the Chairman of the Compensation Committee, Nathaniel M. Zilkha.

For additional information, please refer to the discussion on page 22 under the heading “Compensation Consultant Independence and Conflicts of Interest Assessment.”

Role of the President and Chief Executive Officer

In the course of deliberating certain 2015 compensation decisions for our Named Executive Officers, the Compensation Committee took into account the recommendations of Mr. Kusserow regarding the compensation of our other executive officers, including the compensation packages of the executive officers who joined the Company in 2015. Mr. Kusserow’s recommendations were based upon his assessment of each executive officer’s individual role, retention considerations and market factors. The Compensation Committee reviewed these recommendations before making its decision. While the Compensation Committee requested Mr. Kusserow to be present at certain Committee meetings when executive compensation was discussed, Mr. Kusserow did not play any role in the Compensation Committee’s deliberation of matters impacting his own compensation, and only Compensation Committee members are permitted to vote on matters related to executive officer compensation.

Review of Peer Group, Industry and Survey Data

For decisions regarding the design of our fiscal year 2015 short-term and long-term incentive compensation plans and for decisions regarding the compensation of Named Executive Officers, the Consultant provided information to the Compensation Committee regarding the executive compensation practices of (a) similarly-sized public companies across multiple industries and (b) companies in the healthcare services and facilities sectors, in order to both provide context for the Compensation Committee’s decisions and to help ensure that the various components of their respective compensation packages were within a reasonably competitive range. The information was based on the Consultant’s review of nationally recognized published survey data.

Evaluating the Overall Competitiveness and Reasonableness of our 2015 Incentive Compensation Program

Based on its review of the information described above, the Compensation Committee determined that the components of our 2015 Named Executive Officer compensation program were reasonable. Given the Company’s leadership changes in 2015, the Compensation Committee determined that it would (i) set the “target” bonus opportunity at 25% of base salary for each of our Named Executive Officers and (ii) grant long-term incentive awards intended to motivate and retain our Named Executive Officers and align their interests with the interests of the Company’s stockholders.

While the Compensation Committee generally considers available peer group, industry and survey data to be helpful in understanding how our compensation levels compare to other companies, peer group, industry and survey data are only one factor that the Compensation Committee may consider in making its decisions regarding executive compensation. Furthermore, the Company does not conduct a full compensation benchmarking

Table of Contents

analysis and an identification of peer groups each year, so such peer group information may not be available every year. For example, the Compensation Committee also considers the alignment of our then-current compensation practices with our compensation philosophy, program structure, retention goals and other factors (such as the integration of large acquisitions) before making compensation decisions.

Components of Compensation

We compensate our executive officers, including our Named Executive Officers, through the following components:

- Base salary;
- Annual performance-based incentive compensation (cash bonus awards);
- Long-term incentives (equity-based awards);
- Severance; and
- Retirement, health and welfare benefits and, if deemed appropriate, perquisites.

In determining how each executive officer's total compensation package is allocated among these components, the Compensation Committee emphasizes the components that reward the accomplishment of business objectives and create stockholder value. Concurrently, the Compensation Committee believes it is appropriate to provide our executive officers with a reasonable level of guaranteed compensation through base salary and benefits, together with significant opportunity for additional compensation through annual and long-term incentives. Generally, if targeted performance levels are not achieved, our executive officers' total compensation is likely to be at or below the median of comparable positions at similarly-sized public companies in our industry. Alternatively, if the targeted performance levels are exceeded, our executive officers' total compensation is likely to be above the median of comparable positions at similarly-sized public companies in our industry.

Mix of Pay

Our executive officers have a higher percentage of variable compensation relative to our other employees. The Compensation Committee believes this is appropriate because of the direct influence that these officers have on our financial performance. Generally, the majority of the total targeted annual compensation for our executive officers, including our Named Executive Officers, is "at risk," *i.e.*, variable based on Company performance, to assure alignment with stockholder interests.

Base Salaries

We target our executive officers' base salaries to be competitive when compared to the salary levels of persons holding similar positions at similarly-sized public companies in the healthcare services and facilities sectors. The Compensation Committee also considers each executive officer's respective responsibilities, experience, expertise and individual performance when setting base salaries.

2015 Base Salary Determinations

- *Kusserow*—Pursuant to the terms of Mr. Kusserow's employment agreement, his base salary was set at \$875,000.
- *LaBorde*—In connection with his appointment as Chief Financial Officer on April 6, 2015, Mr. LaBorde's base salary was reduced from \$625,000 to \$450,000. This salary adjustment was reviewed by the Consultant for the purposes of determining reasonableness before approval by the Compensation Committee.
- *McCoy, Pernosky and Howard*—Effective as of the respective dates of their employment, Mr. McCoy's base salary was set at \$450,000, Mr. Pernosky's base salary was set at \$375,000 and Mr. Howard's base

salary was set at \$342,000. The base salaries for each of Messrs. McCoy, Pernosky and Howard were set based on negotiations with such executive officer during the hiring process and were reviewed by the Consultant for the purposes of determining reasonableness before approval by the Compensation Committee.

Annual Performance-Based Incentive Compensation (Cash Bonuses)

As part of our executive compensation program, the Compensation Committee establishes annual incentive compensation performance measures for our executive officers, which performance measures are premised on our Company's achievement of pre-determined financial or operational goals. The Compensation Committee reserves the ability to reduce (but not increase) the amounts earned as a result of a subjective annual review of the individual performance of each executive officer.

2015 Annual Incentive Compensation (Cash Bonus) Opportunities

The "target" bonus opportunity for each Named Executive Officer is expressed as a percentage of base salary. For our eligible Named Executive Officers, such bonus opportunity was set at 25% of their respective base salaries. Mr. Redman was not eligible to participate in the 2015 Short-Term Incentive Compensation (Cash Bonus) Plan. These percentages were lower than market for similarly-sized public companies in our industry and the percentages used in our 2014 annual incentive compensation program as a result of the relatively larger "front-loaded" equity grants to the Named Executive Officers, as discussed below under "Pay for Performance—Front-Loaded Equity Grants."

For 2015, if the target performance conditions for the award opportunity were met, each of the Named Executive Officers would earn 25% of their base salary based on the achievement of a pre-defined corporate performance measure (but such awards would not exceed 25% of base salary even if the performance measure were exceeded). If the target performance conditions for the award opportunity were not met, the Named Executive Officers would not earn any cash bonus. The Compensation Committee, in its discretion, reserved the ability to reduce (but not increase) the amounts earned as a result of a subjective review of the performance of each executive officer. Target incentive opportunities were set based on our Company's historical practices and the Compensation Committee's desire to provide a meaningful award for achieving outstanding performance.

For 2015, the annual incentive compensation opportunity was based on the overall corporate performance measure of adjusted earnings before interest, taxes, depreciation and amortization ("EBITDA") of no less than \$110 million.

In establishing the performance levels, the Compensation Committee considered the target level of performance reasonable and achievable, but not without management's significant effort. The Compensation Committee felt it was appropriate to set adjusted EBITDA as the sole performance measure because it believes that adjusted EBITDA growth encourages our executive officers to focus on improving earnings and profitable growth. It also believes that this measure is aligned with our overall objective of creating long-term value for our stockholders.

Our adjusted 2015 EBITDA was \$112 million, which exceeded the target (\$110 million) performance level under the plan.**

Taking this into account, the Compensation Committee certified the Company's achievement of the performance target on March 3, 2016, and the Compensation Committee approved paying out cash bonuses at the "target" bonus opportunity, pro-rated for time in role when applicable, to the eligible Named Executive Officers (Messrs. Kusserow, LaBorde, McCoy, Pernosky and Howard) as follows: Mr. Kusserow—\$218,750; Mr. LaBorde—\$123,438; Mr. McCoy—\$84,375; Mr. Pernosky—\$70,313; and Mr. Howard—\$64,125. In each case, such bonus payments, less applicable taxes, withholdings and deductions, were payable in connection with the Company's next regularly-scheduled payroll period in accordance with the Company's normal payroll practices.

Long-Term Incentives

Long-term incentives, in the form of equity-based compensation, are used to balance the short-term focus of our annual cash incentive compensation program with performance incentives over multi-year periods. The Compensation Committee believes that providing long-term incentive opportunities supports our compensation philosophy by aligning the interests of our Named Executive Officers, and other long-term incentive compensation plan participants, with those of our stockholders.

Currently, all equity-based compensation is granted in accordance with the terms of our 2008 Omnibus Incentive Compensation Plan, which is a comprehensive incentive compensation plan that provides for various equity-based awards and also provides for limited cash awards.

We believe that grants of equity-based compensation:

- Motivate participants to focus on the creation of stockholder value in both the short- and long-term;
- Reinforce the link between the creation of stockholder value and compensation;
- Enable us to provide competitive levels of total compensation; and
- Aid in the retention of Named Executive Officers and other long-term incentive plan participants.

2015 Equity-Based Incentive Compensation—Plan Design Considerations

It has been our Company's historical practice to tie a portion of the vesting requirements associated with the equity grants under our annual long-term incentive plans to identified multi-year performance targets set during the first quarter of the subject fiscal year. In 2015, the Compensation Committee resumed its practice of tying a portion of the vesting requirements associated with the equity grants under our annual long-term incentive plans to identified multi-year performance targets set during the first quarter of the subject fiscal year.

Pay for Performance—Front-Loaded Equity Awards

The Compensation Committee believes that the Named Executive Officers' compensation packages were structured to limit guaranteed compensation and provide strong pay-for-performance incentives. A significant component of this approach was to provide "front-loaded" equity grants, as described below.

- As contemplated by his employment agreement, during the first quarter of 2015 (effective March 31, 2015), Mr. Kusserow was granted (i) 75,000 performance-based restricted shares of the Company's common stock and (ii) performance-based non-qualified stock options to purchase 250,000 shares of the Company's common stock. Both the performance-based restricted shares and the performance-based stock options will vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated and pro-rated vesting provisions as provided in the employment agreement). The exercise price of the non-qualified stock options was set based on the closing price of the Company's common stock on the date of grant (\$26.78), and the options have a ten-year term.
- Unless Mr. Kusserow's employment is terminated for "Cause" (as defined in his employment agreement), he shall have until the earlier of (A) the expiration date of any option granted pursuant to his employment agreement or (B) 90 days following termination of his employment in which to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested options shall terminate immediately upon termination of employment.

- On May 1, 2015, Mr. McCoy was granted (i) 75,000 performance-based stock options and (ii) 75,000 time-based stock options. The exercise price of the stock options was set based on the closing price of the Company's common stock on the date of grant (\$27.35), and the options have a ten-year term. The performance-based stock options will vest, if at all, based on the certification by the Compensation Committee of the achievement of performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. McCoy is still employed by the Company on the vesting dates. The time-based stock options will vest in equal, 25% installments on each of May 1, 2016, May 1, 2017, May 1, 2018, and May 1, 2019 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. McCoy remains employed by the Company on each such date. Unless Mr. McCoy's employment is terminated for "Cause" (as defined in the Key Executive Severance Plan), he shall have until the earlier of (A) May 1, 2025 or (B) the 90th day following Mr. McCoy's termination of employment to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested unexercised options shall terminate as of the date of termination of employment.
- On June 4, 2015, Mr. McCoy was granted (i) 18,750 performance-based restricted stock units and (ii) 18,750 time-based restricted stock units. The performance-based stock units will vest, if at all, based on the certification by the Compensation Committee of the achievement of performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. McCoy is still employed by the Company on the vesting dates. The time-based restricted stock units will vest in approximately 25% installments on each of June 4, 2016, June 4, 2017, June 4, 2018, and June 4, 2019 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. McCoy remains employed by the Company on each such date.
- On May 1, 2015, Mr. Pernosky was granted (i) 45,000 performance-based stock options and (ii) 45,000 time-based stock options. The exercise price of the stock options was set based on the closing price of the Company's common stock on the date of grant (\$27.35), and the options have a ten-year term. The performance-based stock options will vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. Pernosky is still employed by the Company on the vesting dates. The time-based stock options will vest in equal, 25% installments on each of May 1, 2016, May 1, 2017, May 1, 2018, and May 1, 2019 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. Pernosky remains employed by the Company on each such date. Unless Mr. Pernosky's employment is terminated for "Cause" (as defined in the Key Executive Severance Plan), he shall have until the earlier of (A) May 1, 2025 or (B) the 90th day following Mr. Pernosky's termination of employment to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested unexercised options shall terminate as of the date of termination of employment.
- On June 4, 2015, Mr. Pernosky was granted (i) 15,000 performance-based restricted stock units and (ii) 15,000 time-based restricted stock units. The performance-based restricted stock units will vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. Pernosky is still employed by the Company on the vesting dates. The time-based restricted stock units will vest in equal, 25% installments on each of June 4, 2016, June 4, 2017, June 4, 2018, and June 4, 2019 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. Pernosky remains employed by the Company on each such date.
- On May 1, 2015, Mr. Howard was granted (i) 37,500 performance-based stock options and (ii) 37,500 time-based stock options. The exercise price of the stock options was set based on the closing price of the

Company's common stock on the date of grant (\$27.35), and the options have a ten-year term. The performance-based stock options will vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. Howard is still employed by the Company on the vesting dates. The time-based stock options will vest in equal, one-third installments on each of May 1, 2019, May 1, 2020, and May 1, 2021 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. Howard remains employed by the Company on each such date. Unless Mr. Howard's employment is terminated for "Cause" (as defined in the Key Executive Severance Plan), he shall have until the earlier of (A) May 1, 2025 or (B) the 90th day following Mr. Howard's termination of employment to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested options shall terminate as of the date of termination of employment.

- On June 4, 2015, Mr. Howard was granted (i) 12,500 performance-based restricted stock units and (ii) 12,500 time-based restricted stock units. The performance-based restricted stock units will vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance targets for each of fiscal years 2015, 2016, 2017 and 2018 (subject to certain accelerated, pro-rated and catch-up vesting provisions as provided in the award agreements), assuming Mr. Howard is still employed by the Company on the vesting dates. The time-based restricted stock units will vest in approximately one-third installments on each of June 4, 2019, June 4, 2020, and June 4, 2021 (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreements), assuming Mr. Howard remains employed by the Company on each such date.

The Compensation Committee believes that the 2015 equity awards will motivate the Named Executive Officers to increase stockholder value over the four-year term of the awards by:

- Increasing Stockholder Return—the Named Executive Officers' options were granted with fair market value exercise prices. Therefore, they will not realize any value from their stock options unless the market value of our common stock appreciates.
- Achieving specified financial and operational goals—50% of the 2015 equity awards relate to performance-based compensation in the form of stock options and performance-based restricted stock.

Accelerated Vesting—2015 Equity Awards

It should be noted that in the course of our arms-length negotiations with Mr. Kusserow with respect to his employment agreement, there were reported rumors and public speculation related to a possible strategic transaction involving our company. The Compensation Committee, therefore, was tasked with designing a compensation package for Mr. Kusserow that would not only ensure his recruitment, but also would align his interests with those of our stockholders by enabling him to consider strategic transactions that may be in the best interests of our stockholders without undue concern over whether the transaction would jeopardize his own employment or significantly disrupt the environment of his employment.

Accordingly, Mr. Kusserow's employment agreement provides that his 2015 equity awards shall vest immediately in full upon a change in control ("single trigger"). The Compensation Committee carefully weighed the cost of the "single-trigger" vesting acceleration provision and believes that the significant stock option component (approximately 77%) of Mr. Kusserow's 2015 Equity Awards strikes an appropriate balance between providing meaningful severance protection and avoiding a significant windfall upon an employment termination. For additional information, see the discussion beginning on page 60 of this proxy statement ("Potential Payments upon Termination or Change in Control").

Our company does not intend to issue equity awards with a "single-trigger" vesting features in the future. We adopted an amendment to our 2008 Omnibus Incentive Compensation Plan eliminating "single-trigger" vesting provisions for equity awards granted after April 23, 2015.

Ronald A. LaBorde—December 2015 Equity Bonus

Effective as of December 17, 2015, as consideration for his voluntarily agreeing to relinquish any remaining rights under the terms of his employment agreement, the Compensation Committee approved an equity award to Mr. LaBorde under the terms of the Company's 2008 Omnibus Incentive Compensation Plan. The equity award consisted of: (a) 75,000 time-based vesting Non-Qualified Stock Options (the "Time-Based Vesting Options"), each such Option contingently entitling Mr. LaBorde to purchase one share of the Company's common stock at an exercise price of \$41.38 per share (subject to the vesting schedules and other terms and conditions appearing in the award agreement for such Options), (b) 75,000 performance-based vesting Non-Qualified Stock Options (the "Performance-Based Vesting Options"), each such Option contingently entitling Mr. LaBorde to purchase one share of the Company's common stock at an exercise price of \$41.38 per share (subject to the vesting schedules and other terms and conditions appearing in the award agreement for such Options), (c) 27,500 time-based vesting Restricted Share Units ("Time-Based Vesting RSUs"), each such RSU contingently entitling Mr. LaBorde to receive one fully-vested share of the Company's common stock (subject to the vesting schedules and other terms and conditions set forth in the award agreement for such RSUs), and (d) 27,500 performance-based vesting RSUs (the "Performance-Based Vesting RSUs"), each such RSU contingently entitling Mr. LaBorde to receive one fully-vested share of the Company's common stock (subject to the vesting schedules and other terms and conditions set forth in the award agreement for such RSUs).

Both the Time-Based Vesting Options and the Time-Based Vesting RSUs vest in one-fourth increments on the first through fourth anniversaries of the grant date, provided that Mr. LaBorde remains employed by the Company on each such vesting date (subject to certain pro-rated and accelerated vesting provisions as provided under the respective award agreements for such awards). Both the Performance-Based Vesting Options and the Performance-Based Vesting RSUs shall vest, if at all, based on the certification by the Compensation Committee of the achievement of identified performance goals for fiscal years 2015 through 2018, respectively, and Mr. LaBorde's continued employment through stated anniversaries of the grant date (subject to certain accelerated and pro-rated vesting provisions as provided in the award agreement for such RSUs; provided that with respect to any RSUs that have not vested for which there are performance periods that have not been completed, such pro-rated vesting shall occur only to the extent the Company achieves the performance measure for the then-applicable performance period). Assuming all of the performance conditions are satisfied, 100% of the Performance-Based Options and 100% of the Performance-Based RSUs would be fully-vested as of the fourth anniversary of the grant date. The Options have a ten-year term. For 2015, the performance criteria for Mr. LaBorde's Performance-Based Vesting Options and the Performance-Based Vesting RSUs was based on the Company's realizing adjusted EBITDA of no less than \$110 million. Our adjusted 2015 EBITDA was \$112 million, which exceeded the target (\$110 million) performance level under the plan. Accordingly, Mr. LaBorde earned the portion of his Performance-Based Vesting Options and Performance-Based Vesting RSUs tied to 2015 performance criteria upon the Compensation Committee's certification that such performance criteria was met for 2015.

Benefits

Our executive officers also participate in the retirement, health and welfare benefit programs generally available to our other employees, including paid vacation and paid Company holidays. In a few limited circumstances, the Company provides other benefits to our executive officers, as detailed in the tables following this CD&A. We do not provide our executive officers any special benefits such as supplemental executive retirement plans or company vehicles.

Certain of our executive officers participate in our Employee Stock Purchase Plan ("ESPP"). Under the terms of the ESPP, eligible employees may elect to contribute on an after-tax basis between 1% and 15% of their annual pay through regular payroll deductions to purchase our common stock; provided, however, that an employee may not contribute more than \$25,000 to the plan on an annual basis pursuant to Internal Revenue Service restrictions. Shares are purchased at a 15% discount of the market value of our common stock at the close of business on the last day of each fiscal quarter.

Key Executive Severance Plan

The stated purpose of the Key Executive Severance Plan is to provide a fair framework in the event of a termination of employment in certain circumstances of certain Company key executives. As of December 17, 2015, to be eligible for benefits under the Key Executive Severance Plan, an executive (each, a “Covered Executive”) must (1) be employed by the Company (through the Company’s common payroll agent, Amedisys Holding, L.L.C.) with any of the following job titles: Chief Operating Officer, Chief Financial Officer, Vice Chairman, Chief Human Resources Officer, Senior Vice President of Government Affairs, General Counsel, Chief Information Officer, Chief Strategy Officer, Chief Clinical Operations Officer, Chief Development Officer, Senior Vice President of Accounting/Controller, Senior Vice President of Operations, Senior Vice President of Talent, or Senior Vice President of Total Rewards; (2) have been designated in writing by the Board or the Compensation Committee, as appropriate, as being covered by the Key Executive Severance Plan; and (3) have executed and delivered to the Company (and not have revoked or attempted to revoke) the Company’s Executive Protective Covenants Agreement (“EPCA” or other similarly named agreement).

If any Covered Executive is terminated by the Company without “Cause” or resigns with “Good Reason” in each case prior to a “Change in Control,” each as defined in the Key Executive Severance Plan, such Covered Executive shall be entitled to the following:

(a) An amount equal to one (1) times the sum of (A) the Covered Executive’s base salary, as in effect on the date of employment termination (or in the event a reduction in base salary is a basis for a termination with Good Reason, then the base salary in effect immediately prior to such reduction) and (B) the greater of (x) an amount equal to the cash bonus earned by the Covered Executive for the previous fiscal year or (y) an amount equal to twenty-five percent of the Covered Executive’s base salary, as in effect on the date of employment termination (or, in the event a reduction in base salary is a basis for termination for Good Reason, then the base salary in effect immediately prior to such reduction), which amount shall be payable in substantially equal monthly installments in accordance with the Company’s normal payroll practices for a period of 12 months; and

(b) A lump-sum payment of \$2,500 for the intended purpose of purchasing health insurance, but which can be used at the discretion of the Covered Executive.

Further, any unvested equity awards issued in the name of the Covered Executive as of the date of employment termination will vest in accordance with the terms contained in the applicable award agreement for such awards.

If any Covered Executive is terminated by the Company without “Cause” or resigns with “Good Reason” in each case following a “Change in Control,” such Covered Executive shall be entitled to the following:

(a) An amount equal to two (2) times the sum of (A) the Covered Executive’s base salary, as in effect on the date of employment termination (or in the event a reduction in base salary is a basis for a termination with Good Reason, then the base salary in effect immediately prior to such reduction) and (B) the greater of (x) an amount equal to the cash bonus earned by the Covered Executive for the previous fiscal year or (y) an amount equal to twenty-five (25) percent of the Covered Executive’s base salary, as in effect on the date of employment termination (or, in the event a reduction in base salary is a basis for termination for Good Reason, then the base salary in effect immediately prior to such reduction), which amount shall be payable in substantially equal monthly installments in accordance with the Company’s normal payroll practices for a period of 12 months; and

(b) A lump-sum payment of \$2,500 for the intended purpose of purchasing health insurance, but which can be used at the discretion of the Covered Executive.

Further, any unvested equity awards issued in the name of the Covered Executive as of the date of employment termination will vest in accordance with the provisions of the Omnibus Plan or any successor thereto.

Severance and “Claw-Back” Provisions—Executive Employment Agreements

The employment agreement for Mr. Kusserow contains provisions entitling him to receive severance benefits for certain qualifying terminations, as described under “Potential Payments upon Termination or Change-in-Control,” below. These triggers for severance payments were selected in order to permit Mr. Kusserow to focus on the interests of our Company and our stockholders without undue concern for his personal job security.

In return for severance benefits, Mr. Kusserow is bound by certain non-compete, non-solicitation, confidentiality and non-disclosure covenants, as defined in his agreement. If there is a breach of these covenants (each, a “Forfeiture Event”), we are no longer obligated to make any severance payments otherwise due to him, and all unexercised stock options, nonvested stock and other nonvested equity awards are forfeited effective as of the date of the Forfeiture Event. Additionally, in the event of a breach, each agreement contains a “claw-back” provision obligating him to repay the Company any “award gain” (as defined below) realized during the six-month period prior to the occurrence of the Forfeiture Event (or, if the breach occurs after Mr. Kusserow ceases to be employed by the Company, the date of termination of their employment) and for a period of 24 months following such date. As defined in the employment agreement, “award gain” means:

- in respect of a given stock option exercise, the product of (X) the fair market value per share of common stock at the date of such exercise (without regard to any subsequent change in the market price of shares) minus the exercise price times (Y) the number of shares as to which the stock option was exercised at that date; and
- in respect of any other settlement of any other cash bonus or equity award granted to the Named Executive Officer, the fair market value of the cash or stock paid or payable to the Named Executive Officer (regardless of any elective deferral) less any cash or the fair market value of any stock or property (other than a cash award or equity award or award which would have itself then been forfeitable hereunder and excluding any payment of tax withholding) paid by the Named Executive Officer to us as a condition of or in connection with such settlement.

The Compensation Committee believes that these forfeiture provisions provide assurance that our business interests will be appropriately protected upon the termination of employment of Mr. Kusserow.

Stock Ownership

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our Chief Executive Officer. In an effort to more closely align our Chief Executive Officer’s interests with those of our stockholders, the Chief Executive Officer shall own Company shares with a fair market value equal to at least three times their base salary.

Mr. Kusserow will have five years from the date of his December 16, 2014 appointment as President and Chief Executive Officer to come into compliance with these ownership requirements.

Once the Chief Executive Officer accumulates shares with a value equal to the required multiple of base salary or annual retainer, he must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company’s stock price subsequently declines after the stock ownership requirements are met, they will not be required to acquire additional shares.

Equity Grant Practices

Annual incentive compensation is generally awarded, both to our Named Executive Officers and to other eligible employees, throughout the year. All Compensation Committee decisions regarding annual incentive compensation are generally made concurrently with the filing of our Annual Report on Form 10-K for the previous fiscal year.

Table of Contents

Deductibility of Compensation

Internal Revenue Code Section 162(m) limits the amount of compensation paid to our executive officers that may be deducted by us for federal income tax purposes in any fiscal year to \$1 million. “Performance-based” compensation that has been approved by our stockholders is not subject to the \$1 million deduction limit. All of our equity-based incentive plans have been approved by our stockholders, and awards under those plans, other than certain time-based vesting shares and nonvested stock, constitute “performance-based” compensation that is not subject to the Code Section 162(m) deduction limit. While the Compensation Committee intends that all compensation be deductible, there may be instances where potentially non-deductible compensation is provided to reward our executive officers consistent with our compensation philosophy for each compensation element.

Our 2008 Omnibus Incentive Compensation Plan provides for qualifying performance-based compensation, including annual bonuses. The Plan allows us flexibility in structuring our executive compensation programs while maximizing the tax deductibility of awards to the benefit of the Company and our stockholders, whether they are denominated in cash or stock.

NAMED EXECUTIVE OFFICER EMPLOYMENT AGREEMENT PROVISIONS: POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following is a description of the termination and change-in-control payment provisions included in the employment agreement for Mr. Kusserow. Unless otherwise defined herein, all capitalized terms have the meanings ascribed to them in the employment agreement. The terms below describe certain, but not all, triggering events that may result in termination or change-in-control payments to Mr. Kusserow.

Certain Definitions

The following definitions appear in Mr. Kusserow's employment agreement.

“Cause” is defined to include, among other things, willful gross neglect or misconduct, violation of our code of conduct, breach of the restrictive covenants of the employment agreement and misconduct in financial reporting.

“Good Reason” for voluntary resignation is defined as the occurrence of any of the following circumstances without the executive's express written consent, unless the breach is corrected within thirty days from the date we are put on notice of the occurrence and such notice is delivered to us within ninety days of the occurrence: (i) a material reduction in the executive's base salary (other than in connection with a proportionate reduction in the base salaries of all similarly-situated senior level executive employees), (ii) a material diminution of the executive's authority, responsibilities or duties, (iii) any material breach of the executive's employment agreement caused by us. In addition, if there is Good Reason to resign, the resignation must occur within 150 days of the existence of the condition, or (iv) not being elected to or re-elected to our Board of Directors.

“Change in Control” is defined as (i) any person or group (as defined in the Securities Exchange Act of 1934, as amended) becomes the beneficial owner, directly or indirectly, of our securities or the securities of any significant subsidiary, representing 50% or more of the combined voting power of our or such subsidiary's then outstanding securities; (ii) as a result of a contested election or the designation by a person who has entered into an agreement with us to effect a transaction with us specified in items (i), (iii) or (iv) of this definition, individuals who at the beginning of any 12-month period constitute our Board of Directors, cease to constitute at

least a majority of our Board of Directors; (iii) the consummation of a merger or consolidation of us or any significant subsidiary with any other entity, other than a merger or consolidation which would result in our voting securities or the voting securities of a significant subsidiary outstanding immediately prior thereto continuing to represent (either by remaining outstanding or by being converted into voting securities of the surviving or resulting entity) more than 50% of the combined voting power of the surviving or resulting entity outstanding immediately after such merger or consolidation; or (iv) the consummation of a sale or disposition of all or substantially all of our consolidated assets (other than a sale or disposition immediately after which such assets will be owned directly or indirectly by our stockholders in substantially the same proportions as their ownership of our common stock immediately prior to such sale or disposition).

“COBRA” is the Consolidated Omnibus Budget Reconciliation Act of 1984.

Employment Agreement with Mr. Kusserow

Pursuant to his Employment Agreement dated December 11, 2014 (as referred to below, the “Agreement”), Mr. Kusserow has agreed to serve as our President and Chief Executive Officer effective December 16, 2014 (the “Effective Date”). Unless mutually extended by the parties in writing, the Agreement shall terminate upon the expiration of the term, at which point Mr. Kusserow’s employment shall continue on an “at will” basis unless such “at will” employment is terminated by us or Mr. Kusserow by notice in writing.

Under the terms of the Agreement, Mr. Kusserow, among other things, is entitled to:

- (1) An annual base salary of not less than \$875,000, subject to annual review for increase (but not decrease) by the Compensation Committee;
- (2) Participate in our annual (cash bonus) incentive plan, with target and maximum award opportunities approved from year to year by the Compensation Committee (the amount of target annual incentive approved by the Compensation Committee for any given year shall not be less than 25% of Mr. Kusserow’s current base salary; however, entitlement to and payment of an annual incentive bonus is subject to the approval of the Compensation Committee);
- (3) Equity awards, as follows:
 - a. Subject to the approval of the Compensation Committee, on the Effective Date, Mr. Kusserow will be granted (i) 75,000 time-based restricted shares of the Company’s common stock and (ii) time-based non-qualified stock options to purchase 250,000 shares of the Company’s common stock (collectively, the “2014 Equity Awards”). Both the time-based restricted shares and the time-based non-qualified stock options will vest in one-fourth increments on the first through fourth anniversaries of the grant date, provided that Mr. Kusserow remains employed by the Company on each such vesting date (subject to certain accelerated and pro-rated vesting provisions as provided in the Agreement). The exercise price of the stock options will be the closing price of the Company’s common stock on the date of grant, and the options will have a ten-year term.
 - b. Subject to the approval of the Compensation Committee, during the first quarter of calendar year 2015, Mr. Kusserow will be granted (i) 75,000 performance-based restricted shares of the Company’s common stock and (ii) performance-based non-qualified stock options to purchase 250,000 shares of the Company’s common stock (collectively, the “2015 Equity Awards”). The exercise price of the stock options will be the closing price of the Company’s common stock on the date of grant, and the options will have a ten-year term.

of his employment in which to exercise any of such options that were vested as of the termination date. If his employment is terminated for Cause, there shall be no post-termination exercise period, and all vested and unvested options shall terminate immediately upon termination of employment.

d. Upon a Change in Control, the 2014 Equity Awards and the 2015 Equity Awards shall vest immediately in full.

It is the intention of the parties that the 2014 Equity Awards and the 2015 Equity Awards shall be the sole equity awards granted to Mr. Kusserow during the term of the Agreement. In other words, there is no expectation that Mr. Kusserow will receive or be entitled to additional equity awards during the term of the Agreement.

- (4) Participate, consistent with his rank and position, in the Company's other compensation (other than equity), pension, welfare and benefit plans and programs as are made available to the Company's senior level executives or to its employees in general, including deferral, health, medical, dental, long-term disability, travel, accident and life insurance plans, subject to eligibility (provided, that there is no entitlement to any equity awards outside of the 2014 Equity Awards and the 2015 Equity Awards without the prior approval of the Compensation Committee); and
- (5) Reimbursement for relocation and travel expenses, as follows: (i) reasonable relocation expenses in an amount not to exceed \$20,000, (ii) \$10,000 per month for housing and travel expenses for the first eighteen months of the employment term and (iii) reimbursement of reasonable legal fees incurred by Mr. Kusserow in connection with negotiating the Agreement up to a maximum of \$15,000.

In the event Mr. Kusserow's employment is terminated due to his death or disability, Mr. Kusserow or his surviving spouse or estate (as the case may be) will be entitled to any benefits due or earned in accordance with the applicable plans of the Company and the following amounts (paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination; and (b) incentive awards earned in the prior year, but not yet paid. Additionally, all unvested equity awards held by Mr. Kusserow as of the date of death or disability shall vest immediately in full.

If Mr. Kusserow is terminated for Cause or if Mr. Kusserow voluntarily resigns without Good Reason he will be entitled to any benefits earned in accordance with the applicable plans of the Company and the following amounts (paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement): (a) unpaid base salary through the date of termination, and (b) incentive awards earned in the prior year, but not yet paid.

If Mr. Kusserow is terminated without Cause or resigns with Good Reason, in both cases prior to a Change in Control, Mr. Kusserow will be entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) an amount equal to two (2) times the sum of (A) his base salary, at the annualized rate in effect on the date of termination (or in the event a reduction in base salary is a basis for termination with Good Reason, then the base salary in effect immediately prior to such reduction), and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$218,750, which amount will be paid in substantially equal monthly installments in accordance with the Company's payroll practices for a period of 24 months beginning with the calendar month that immediately follows the earliest payment date (as described in the Agreement);
- (3) unpaid incentive awards earned in the prior year, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement;
- (4) should he elect continuance of group health insurance coverage under COBRA and/or similar state or federal law or regulation, the Company will pay the full cost of such continued health insurance coverage

for Mr. Kusserow and his eligible dependents until the first to occur of (x) his attainment of alternative employment if such employment includes health insurance benefits or (y) the expiration of a 24-month period beginning with the calendar month that immediately follows the earliest payment date (as described in the Agreement) (such period, the "Coverage Period"). Should Mr. Kusserow's entitlement to health insurance continuation coverage under COBRA expire prior to the end of the Coverage Period, the Company will arrange to provide, at the Company's expense, Mr. Kusserow and his eligible dependents with continued health insurance benefits substantially similar to those which he and his eligible dependents received under COBRA until the end of the Coverage Period;

- (5) pro-rated vesting of a number of the non-qualified stock options and restricted shares that comprise the 2014 Equity Awards and the 2015 Equity Awards according to a formula as stated in the Agreement, provided that with respect to any shares of performance-based restricted stock for which there are performance periods that have not been completed, such pro-rated vesting shall occur only to the extent the Company achieves the performance measures for the not-yet completed performance periods.

In the event that Mr. Kusserow's employment is terminated without Cause or he resigns with Good Reason within one year following a Change in Control (or he is terminated without Cause within 90 days prior to a Change in Control), Mr. Kusserow shall be entitled to any benefits earned in accordance with the applicable plans of the Company and the following:

- (1) unpaid base salary through the date of termination paid in accordance with Federal tax rules and regulations and within the deadlines described in the Agreement;
- (2) an amount equal to three times the sum of (A) his base salary, at the annualized rate in effect on the date of termination (or in the event a reduction in base salary is a basis for termination with Good Reason, then the base salary in effect immediately prior to such reduction), and (B) the greater of (x) an amount equal to his prior year cash bonus or (y) \$218,750, which amount will be paid in a lump sum on the earliest payment date (as described in the Agreement);
- (3) unpaid incentive awards earned in the prior year, paid in accordance with federal tax rules and regulations and within the deadlines described in the Agreement; and
- (4) should he elect continuance of group health insurance coverage under COBRA and/or similar state or federal law or regulation, the Company will pay the full cost of such continued health insurance coverage for Mr. Kusserow and his eligible dependents until the end of the Coverage Period. Should Mr. Kusserow's entitlement to health insurance continuation coverage under COBRA expire prior to the end of the Coverage Period, the Company will arrange to provide, at the Company's expense, Mr. Kusserow and his eligible dependents with continued health insurance benefits substantially similar to those which he and his eligible dependents received under COBRA until the end of the Coverage Period.

As noted above, upon a Change in Control, the 2014 Equity Awards and 2015 Equity Awards shall vest immediately in full.

Mr. Kusserow is subject to certain restrictive covenants, including (i) prohibitions against competition for 24 months following his termination prior to the expiration of the employment term and (ii) prohibitions against soliciting company employees and customers for 24 months following his termination. He is also subject to a standstill provision, which prevents him from acquiring any Company securities or seeking to effect a Change in Control the Company (or assisting or working with others to effect a Change in Control of the Company) for a period of 24 months following his termination.

Both Mr. Kusserow and the Company are subject to arbitration for resolution of disputes arising out of the Agreement, which is governed by Louisiana law.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The following table shows the potential payments to our Named Executive Officers employed as of December 31, 2015, upon: (i) a Change in Control (as such term is defined in Mr. Kusserow’s employment agreement or the Key Executive Severance Plan, as applicable) of the Company without termination, (ii) a termination without Cause (as such term is defined in Mr. Kusserow’s employment agreement or the Key Executive Severance Plan, as applicable) or a resignation with Good Reason (as such term is defined in Mr. Kusserow’s employment agreement or the Key Executive Severance Plan, as applicable) prior to a Change in Control, (iii) a termination without Cause or a resignation with Good Reason following a Change in Control, (iv) Retirement (as such term is defined in their respective employment agreements), (v) death (in the case of Mr. Kusserow and Mr. LaBorde only) or (vi) Disability (as such term is defined in Mr. Kusserow and Mr. LaBorde’s employment agreements). In preparing the table, we assumed the Change in Control event, employment termination event or resignation occurred on December 31, 2015 and that the ability to receive post-termination or Change in Control payments was governed by the respective employment agreements for our Named Executive Officers in effect as of that date. See “Named Executive Officer Employment Agreement Provisions: Potential Payments upon Termination or Change in Control,” above, for additional information. The closing price per share of our common stock on December 31, 2015 was \$39.32.

DIRECTOR COMPENSATION

During 2015, all non-employee directors received a monthly retainer of \$5,500 and per diem attendance fees of \$2,000 per each Board of Directors meeting and each committee meeting attended in person and \$1,000 per diem attendance fees for each Board of Directors meeting and each committee meeting attended via teleconference. In other words, if the full Board of Directors and the Compensation Committee each held an in-person meeting on the same day, an attendee of both meetings would receive one \$2,000 fee covering both meetings. Donald A. Washburn served as our independent Lead Director during 2015 and received a \$50,000 annual retainer payable to our Lead Director.

During 2015, in addition to the other fees mentioned, (i) the Chairman of the Audit Committee received an annual retainer of \$20,000, paid monthly, (ii) the Chairman of the Compensation Committee received an annual retainer of \$15,000, paid monthly, (iii) the Chairman of the Nominating and Corporate Governance Committee received an annual retainer of \$10,000, paid monthly, (iv) the Chairman of the Quality of Care Committee received an annual retainer of \$10,000, paid monthly, and (v) the Chair of the Compliance and Ethics Committee received an annual retainer of \$10,000, paid monthly. In addition, on June 2, 2015, each non-employee director received an equity grant of nonvested common stock valued at \$125,000. The number of shares granted (3,840) was determined by dividing the total grant value by the closing price of the Company's common stock on the date of grant (\$32.56) and rounding up to the next whole share. On April 22, 2015, the date of Mr. Perkins' appointment to the Board of Directors, he received an equity grant of 1,514 shares of nonvested common stock, which vested 100% on July 1, 2015. All directors are entitled to reimbursement for reasonable travel and lodging expenses incurred in attending meetings. Director compensation is approved on an annual basis by independent (non-employee) members of our Board of Directors.

The following table shows the value of all cash and equity-based compensation paid to the members of our Board of Directors during the year ended December 31, 2015.

Name (1)	Fees Earned or Paid in Cash (\$)	Stock Awards (\$ (2))	All Other Compensation (\$)	Total (\$)

(1) Paul B. Kusserow, our Chief Executive Officer and Chairman of our Board of Directors and Ronald A. LaBorde our Vice Chairman and Chief Financial Officer and member of our Board of Directors are not included in the table above as they were employees of the Company during 2015 and, therefore did not receive any additional compensation for the services that they provided as directors. The compensation that Messrs. Kusserow and LaBorde received is included in the Summary Compensation Table.

(2) The amounts shown in this column reflect the grant date fair value of nonvested stock awards granted to each of our directors. Generally, the grant date fair value is the amount that we would expense in our financial statements over the vesting period of the award. Assumptions used in the calculation of this amount are included in Note 9 to our audited financial statements for the year ended December 31, 2015, included in our Annual Report on Form 10-K filed with the SEC on March 10, 2016. As of December 31, 2015, each director listed above had 3,840 outstanding shares of nonvested stock, 100% of which will vest on June 2, 2016. Mr. Ricchiuti retired from the Board on June 4, 2015 and therefore has no outstanding shares of nonvested stock as of December 31, 2015. As of December 31, 2015, there were no fully vested outstanding stock options held by our non-employee directors.

Stock Ownership

Included in the Corporate Governance Guidelines adopted by our Board of Directors are stock ownership requirements applicable to our independent directors. In an effort to more closely align their interests with those of our stockholders, each non-employee (independent) director shall own Company shares with a fair market value equal to at least three times their base annual cash retainer.

Each non-employee director shall have five years from the date that they are elected or appointed (as applicable) to the position (or five years from the initial April 2009 effective date of the Corporate Governance Guidelines, whichever date is later) to come into compliance with these ownership requirements.

Once a person subject to the stock ownership requirements accumulates shares with a value equal to the annual retainer, he or she must retain the minimum number of shares originally accumulated to meet the threshold requirement on a going-forward basis. If the Company's stock price subsequently declines after the stock ownership requirements are met, he or she will not be required to acquire additional shares. Each of our non-employee directors who were Board members on the date of adoption of our Corporate Governance Guidelines is currently in compliance with the ownership requirements.

CERTAIN TRANSACTIONS

Under our Code of Ethical Business Conduct, no director, officer or employee may have any business, financial, civic or professional interest outside the Company that in any way conflicts with that director's, officer's or employee's ability to perform his or her duties at Amedisys with undivided loyalty, unless there is a review by our legal department and the express consent of our Chief Executive Officer, or, in the case of directors, review by and consent of a majority of the disinterested directors. In addition, in accordance with NASDAQ Marketplace Rule 5630, which functions as our related party transaction policy, our Board of Directors reviews all "related party transactions" for potential conflict of interest situations on an ongoing basis based upon whether such transactions are in the best interests of our Company and our stockholders. For purposes of this review, a "related party transaction" is any transaction required to be disclosed pursuant to Item 404 of SEC Regulation S-K. All related party transactions must be approved by a majority of our independent directors (any independent director who is a party to a proposed related party transaction must recuse himself from the vote). Our independent directors' approval of any related party transaction is reflected in the minutes of the meeting of our Board of Directors during which such approval was granted.

Effective October 22, 2015, we entered into a contract for telemonitoring services with Care Innovations, LLC ("Care Innovations"). Paul Kusserow, our President and Chief Executive Officer, is a member of the Advisory Board to Care Innovations. Prior to engaging Care Innovations, we conducted a competitive bidding process under which ten companies submitted proposals to us to become our telemonitoring partner. Our independent directors determined that Care Innovations submitted the most attractive proposal and that it was in our best interest to partner with Care Innovations to provide us telemonitoring services. Mr. Kusserow and Mr. LaBorde recused themselves from the vote of the Board of Directors on this matter and did not participate in the competitive bidding process or any deliberations of the Board of Directors concerning this engagement. Care Innovations will receive a fee of approximately \$1,800,000 in connection with our contract for telemonitoring services for the Company. Care Innovations has confirmed to us that Mr. Kusserow will not receive any direct compensation or direct financial benefit from the engagement of Care Innovations as our telemonitoring partner.

On November 20, 2015, we engaged KKR Capstone Consulting, LLC ("KKR Capstone"), a consulting company of operational professionals that works exclusively with portfolio companies of Kohlberg Kravis Roberts & Co. Nathaniel M. Zilkha, a member of our Board of Directors, is a member of KKR Management LLC, which is an affiliate of KKR Asset Management LLC ("KAM"), a substantial stockholder of our Company, and an affiliate of Kohlberg Kravis Roberts & Co. KKR Capstone will receive a fee of approximately \$1,300,000 in connection with providing consulting services to the Company in the ordinary course of business. Mr. Zilkha will not receive any direct compensation or direct financial benefit from the engagement of KKR Capstone.

Other than the transactions disclosed above, no transactions required to be disclosed pursuant to Item 404 of SEC Regulation S-K have occurred since January 1, 2015.
